

List of Published Voluntary Commitments geared towards the implementation of SDG 14 since 1 July 2022 in the scope of UNOC 2025

1. Sierra Leone Life Saving Society/Center for Sustainable Blue Economy Development (Center for Sustainable Blue Economy Development an Affiliate of Sierra Leone Life Saving Society (Academic institution)) [#OceanAction48356](#)
2. Norway will continue to raise awareness by seeking support to the International Declaration on transnational organized crime in the global fishing industry (Copenhagen Declaration) and address these challenges through the Blue Justice Initiative. (Norwegian Minister of Trade, Industry and Fisheries (Government)) [#OceanAction48411](#)
3. Reduce GHG emissions from international ships and ports (Solomon Islands Maritime Authority and Ministry of Infrastructure and Development (Government)) [#OceanAction48456](#)
4. Ocean Conservation from youth advocacy in Asia Pacific Countries (UNISC International (NGO)) [#OceanAction48458](#)
5. Continue supporting efforts towards a binding global instrument on plastic litter (Baltic Marine Environment Protection Commission (HELCOM) (IGO)) [#OceanAction48460](#)
6. Stakeholder conference on the implementation of the Baltic Sea Action Plan (Baltic Marine Environment Protection Commission (HELCOM) (IGO)) [#OceanAction48459](#)
7. Common understanding of the Other Effective Area-based Conservation Measures (OECMs) criteria and identification of OECMs in the Baltic Sea region (Baltic Marine Environment Protection Commission (HELCOM) (IGO)) [#OceanAction48464](#)
8. Improving the spatial coverage, management and coherence of the Baltic Sea marine protected area network (Baltic Marine Environment Protection Commission (HELCOM) (IGO)) [#OceanAction48463](#)
9. Promoting deep-sea literacy in support of inclusive stewardship of the Area and its resources for the benefit of humankind (International Seabed Authority (UN/Multilateral body)) [#OceanAction48514](#)
10. Supporting sustainable and emerging ocean economies of LDCs, LLDCs and SIDS (International Seabed Authority (UN/Multilateral body)) [#OceanAction48513](#)
11. Canada is supporting the Global Fund for Coral Reefs and contributing \$6 million through the fund to support nature-based solutions for Small Island Developing States and coastal developing countries. (Government of Canada (Government)) [#OceanAction48542](#)
12. Canada joined the Clydebank Declaration at the 26th Conference of Parties to the UN Framework Convention on Climate Change (United Kingdom (Government)) [#OceanAction48543](#)

13. Canada is committed to conserving 25 per cent of our oceans by 2025, and 30 per cent by 2030 (Government of Canada (Government)) [#OceanAction48544](#)
14. Canada is committed to the creation of the Eastern Canyons Marine Refuge, covering a 43,976 square kilometers area off the coast of the Province of Nova Scotia (Government of Canada (Government)) [#OceanAction48545](#)
15. Canada is investing \$183.1 million over five years, to reduce plastic waste and increase plastic circularity by developing and implementing regulatory measures, and conducting scientific research to inform policy-making (Government of Canada (Government)) [#OceanAction48560](#)
16. The Government of Canada is proud to commit \$10 million to combat ghost gear through Canada's Ghost Gear Fund and by partnering with the Global Ghost Gear Initiative (Government of Canada is providing funding to external organizations through contribution agreements (Government)) [#OceanAction48561](#)
17. Canada contributes \$9 million to the Ocean Risk and Resilience Action Alliance to help Small Island Developing States and coastal developing countries increase their resilience to the impacts of climate change through nature-based solutions (Government of Canada (Government)) [#OceanAction48562](#)
18. Canada supports the Green Shipping Challenge to galvanize global action to decarbonize the international shipping industry (Government of Canada (Government)) [#OceanAction48564](#)
19. Canada is committed to introducing amendments to the Canada Shipping Act, 2001 including to enable proactive management of marine emergencies and to cover more types of pollution (Government of Canada (Government)) [#OceanAction48563](#)
20. Canada will disburse \$30 million under the Marine Litter Mitigation Fund (Government of Canada (Government)) [#OceanAction48567](#)
21. Canada joined the zero emission shipping by 2050 initiative (Denmark (Government)) [#OceanAction48566](#)
22. Canada is committed to contributing to the International Monitoring, Control, and Surveillance Network to host four virtual seminars over 2022 bringing over 70 countries and non-governmental organizations, and over 500 participants together (Government of Canada (Government)) [#OceanAction48568](#)
23. Canada is committed to the extension of the Dark Vessel Detection platform to support Ecuador's efforts against illegal, unreported, unregulated in the Galapagos Islands (Government of Canada (Government)) [#OceanAction48569](#)
24. Canada joins the Aquatic Blue Foods Coalition (Government of Canada (Government)) [#OceanAction48571](#)
25. Canada is hosting the 5th International Marine Protected Areas Congress, February 3-9 2023 in Vancouver, which will aim to define a roadmap for achieving ocean conservation targets to protect at least 30 per cent of the world's land and ocean by 2030 (Government of Canada (Government)) [#OceanAction48570](#)

26. Canada is investing an additional \$750 million over a further five years in its Global Innovation Clusters which support key sectors of Canadian advantage to build world-leading innovation ecosystems in Canada (Government of Canada (Government)) [#OceanAction48573](#)
27. Canada completed a \$1.7 million partnership with the non-governmental organization OceanMind to advance the use of drone technologies in combatting illegal, unreported, unregulated fishing in developing countries (Government of Canada (Government)) [#OceanAction48572](#)
28. Canada co-sponsored the America Alliance for the Protection of the Ocean, a Chilean initiative to establish a regional alliance for collaboration, cooperation and coordination of marine protected areas and other marine conservation measures in the Pacific (Government of the Republic of Chile (Government)) [#OceanAction48588](#)
29. Canada is undertaking marine spatial planning processes across the country with the commitment to have four first-generation marine spatial plans by 2024 (Government of Canada (Government)) [#OceanAction48590](#)
30. New voluntary environmental measures announced in April 2022 to reduce pollution from cruise ships operating in Canadian waters during the 2022 cruise season. The intent is to make these measures mandatory for the 2023 season and beyond (Government of Canada (Government)) [#OceanAction48591](#)
31. Canada is working with international partners at the International Maritime Organization (IMO) to revise the Guidelines for underwater noise from marine shipping to help protect the marine environment (Government of Canada (Government)) [#OceanAction48592](#)
32. Founding of the IUU Fishing Action Alliance to stimulate ambition and action in the fight against illegal, unreported, unregulated fishing (Canada, United Kingdom and United States (Partnership)) [#OceanAction48595](#)
33. Thailand's contribution to global effort on observation and research in response to ocean acidification (Department of Marine and Coastal Resources, Ministry of Natural Resources and Environment of Thailand (Government)) [#OceanAction48632](#)

2023

34. MBRC the Ocean Cleaning Hub, Indonesia (MBRC The Ocean Foundation (NGO)) [#OceanAction50053](#)
35. World Ocean Week in Xiamen (Secretariat of the World Ocean Week in Xiamen (Other relevant actor)) [#OceanAction52896](#)
36. InResST (The Ocean Cleaner) (InResST Co., Ltd (Private Sector)) [#OceanAction54024](#)

2024

37. EnviroVision2050: GREEN LEADERS - an innovative experiential youth driven ocean literacy programme, driving youth to become agent of change through outreach activities. (EnviroVision2050 (Civil society organization)) [#OceanAction55167](#)

38. iCUBES-Intelligent Coastal Urban Bay Ecosystem CO2 Emission Studies (Southern University of Science and Technology (Academic Institution)) [#OceanAction55304](#)
39. Blue Community Consortium (47 organizations including local government, business, academia, and NGO's) [#OceanAction55951](#)
40. Coastal Resiliency and Scaleable Coral Restoration (Ocean Rescue Alliance International (NGO)) [#OceanAction55987](#)
41. Developing networks on the environmental management of enclosed coastal seas (EMECS) (Universidad de Las Palmas de Gran Canaria (ULPGC), Instituto universitario ECOAQUA, Grupo de investigación en Biodiversidad y Conservación (BIOCON) (Academic Institutions)) [#OceanAction56348](#)
42. Commitment to Marine Resource Conservation and Sustainable Management (Generations Without Qat (GWQ) (Civil Society Organization)) [#OceanAction56368](#)
43. Mitigation of Natural Incidence Towards an increased Oceanic Resilience (MoNITOR) for global coastal communities (Second Institute of Oceanography, MNR (Academic Institution)) [#OceanAction56371](#)
44. The Global Participatory Science Initiative for Oceans (Objectif Sciences International (NGO)) [#OceanAction56376](#)
45. Expanding the frontiers and promoting the conservation of global deep-sea habitats (Second Institute of Oceanography, Ministry of Natural Resources, China (Academic Institution)) [#OceanAction56453](#)
46. Enforcement of Ocean Literacy by Global Education Government departments (Young Environmentalists Programme Trust (NGO)) [#OceanAction56458](#)
47. REEF Scuba: Uniting Scientists, Policymakers, and Divers for Coral Reef Conservation (Restoration, Ecology, and Environment Focused (REEF) Scuba (NGO in consultative status with UN)) [#OceanAction56546](#)
48. Digital transition of catch monitoring in European fisheries (SINTEF Ocean (Scientific Community)) [#OceanAction56549](#)
49. Love and Protect Coral Reefs and the Ocean (Endangered Species International (NGO)) [#OceanAction56575](#)
50. Enforcement of Ocean Literacy by global educational governments and mentoring Scuba Divers to be agents of climate action leaders. (Young Environmentalists Programme Trust, Ocean School India and PHSA (NGO)) [#OceanAction56583](#)
51. Deliver clean energy from 0.5 MW offshore solar park in windpark in the North Sea, in harmony with nature and advance our knowledge on the marine interactions of this new blue economy (Oceans of Energy (Private Sector)) [#OceanAction56595](#)
52. Waves of Change: Ocean Commitment Program (Waterlight Save Initiative (NGO)) [#OceanAction56714](#)
53. Restoring Forests, Water Bodies, and Livelihoods in Ghana: Tackling Pollution from Galamsey (Nyankonton Aid Foundation (NGO)) [#OceanAction56877](#)

54. Advancing Ecosystem for Ocean Sustainability (Sustainable Development Council (NGO)) [#OceanAction56887](#)
55. Ocean Citizen Science – Crosscutting the chasm between society and science (German Ocean Foundation (NGO)) [#OceanAction56903](#)
56. Blue Circle (Zhejiang Lanjing Technology LTD (Private Sector)) [#OceanAction56943](#)
57. MedCities Coastal Cities Working Group: fostering mediterranean coastal local authorities capacities, role and contribution to coastal challenges. (MedCities (Other relevant actor)) [#OceanAction57026](#)
58. Delivering the Marine Science, Technology and Impact needed for a healthy Ocean, benefiting People and Nature (Plymouth Marine Laboratory (Academic Institution)) [#OceanAction57096](#)
59. A Hybrid Tutored Programme - Capacity Building Plan for Young Africans in Oceanography. (Mohammed VI Foundation For Environmental Protection (NGO)) [#OceanAction57178](#)
60. Blue Ocean Credits Program: A Nature-Positive Economy Approach (Reef Aquaculture Conservancy (NGO)) [#OceanAction57212](#)
61. Sustaining Coastal and Marine Ecosystems Through Pollution Reduction and Sustainable Blue Economy Initiatives (Guildance Community Development Foundation, Charitable Youth for Nation Building Initiative, Ummah Upliftment Initiative (NGO)) [#OceanAction57242](#)
62. Advancing marine conservation through targeted enforcement initiatives (WildAid (NGO)) [#OceanAction57251](#)

2025

63. Reducing Ocean Microplastics Accumulation through Sustainable Fashion Education (Council on Sustainable Fashion & Design of Grenada Inc. (Private Sector)) [#OceanAction57286](#)
64. CO>SEA Collaboratorium for Socio-Environmental Analysis of the Ocean (Sapienza University of Rome (Academic Institution), Raw-News (Private sector)) [#OceanAction57296](#)
65. Health of Oceans to Soil to Humans- Project Tanah Air in Singapore: Advancing Blue Carbon Sequestration & Seaweed Bioremediation to aid Sustainable Agriculture of Traditional Asian Herbs through Nature-Based Solutions (Ocean Purpose Project (NGO)) [#OceanAction57304](#)
66. One Million Mangroves (We Are Forces of Nature (NGO)) [#OceanAction57321](#)
67. Ocean Science Capacity Building - Tutored Track (Mohammed VI Foundation For Environmental Protection (NGO)) [#OceanAction57325](#)
68. Effective Suggestions For Ocean Negative Carbon Emissions (Global – ONCE (NGO)) [#OceanAction57348](#)

69. Handbook on the Transfer of waste and plastics in aquatic environments (International Network of Basin Organizations (INBO) (NGO)) [#OceanAction57387](#)
70. Partnerships and Cooperation for marine ecosystem restoration (India Water Foundation, SSWA office UNESCAP, IUCN, Global Alliance for a Sustainable Planet (NGO)) [#OceanAction57481](#)
71. Purina Europe Ocean Restoration Programme (Nestlé Purina Petcare Europe (Private Sector)) [#OceanAction57501](#)
72. Navigating the sustainable use of coastal ecosystems and decarbonization of maritime activities through data innovation, data science, and evidence-based policy formation (UNCTAD, UN DESA (United Nations / Multilateral body)) [#OceanAction57536](#)
73. Media Impact for the Ocean (United by the Sea Associação (NGO)) [#OceanAction57585](#)
74. Subpolar circulation, heat delivery and water mass export (National Antarctic Scientific Centre of Ukraine (Academic Institution)) [#OceanAction57586](#)
75. Cleanup The Ocean with Law (All India Sustainable Development Council (NGO)) [#OceanAction57619](#)
76. Convex Seascape Survey: Quantifying and understanding carbon stores in the coastal ocean floor to harness the power of the sea in the fight against climate change. (Blue Marine Foundation (NGO)) [#OceanAction57641](#)
77. EuroGOOS Voluntary Commitment: Strengthening Ocean Observing, Data Integration, and Ocean Literacy to Accelerate Ocean Action (European Global Ocean Observing System – EuroGOOS (NGO)) [#OceanAction57656](#)
78. Towards Zero Plastic Bottle (No Plastic In My Sea (Civil Society organization)) [#OceanAction57658](#)
79. The Race for Ratification of the High Seas Treaty (High Seas Alliance (NGO)) [#OceanAction57659](#)
80. Reducing Plastic Pollution (Lilongwe City Council (Local / Regional Government)) [#OceanAction57667](#)
81. Centre of Excellence on Green Shipping: Phase 1 - Mediterranean Sea (World Ocean Council (NGO), Centro Tecnológico Naval y del Mar (Scientific Community), Port of Barcelona (Private Sector), Barcelona Activa (Government)) [#OceanAction57786](#)
82. The Ocean Coordination Mechanism (OCM): regional Coordination Mechanism to support Integrated Ocean Governance in the Wider Caribbean (18 States and Territories of the wider Caribbean region + 5 United Nations / Multilateral Bodies + 5 Intergovernmental Organizations) [#OceanAction57796](#)
83. Second Edition of the ACCOBAMS Survey Initiative – A Step Further Towards Advancing Cetacean Conservation and Regional Biodiversity Assessment for the Mediterranean and Black Seas, Supporting Conservation and the Blue Economy (ACCOBAMS (IGO)) [#OceanAction57805](#)
84. Improving Selectivity in Tropical Tuna Purse-Seine Fisheries (Satlink S.L. (Private Sector)) [#OceanAction57830](#)

85. Project ReCon: Circular Economy Program for End-of-life Fishing Beacons (Satlink S.L. (Private Sector)) Satlink S.L. (
86. Regional Cooperation in the Governance of Sargassum Inundations in the Caribbean and West Africa. (UNEP Cartagena Convention Secretariat (United Nations / Multilateral body)) [#OceanAction57836](#)
87. Ocean Commitment for Preserving Marine Life (Fins Attached Marine Research and Conservation (NGO)) [#OceanAction57839](#)
88. Operationalising the Surface Ocean Carbon Value Chain (ICOS Ocean Thematic Centre (NGO)) [#OceanAction57843](#)
89. RAMOGE : Develop a standardized monitoring method to ensure consistent deep-sea ecosystem assessment (RAMOGE Agreement (IGO)) [#OceanAction57846](#)
90. RAMOGE : Enhancing knowledge on deep-sea Mediterranean ecosystems, providing essential data for marine protection strategies (RAMOGE Agreement (IGO)) [#OceanAction57845](#)
91. RAMOGE : Raising awareness on deep-sea conservation through public engagement (RAMOGE Agreement (IGO)) [#OceanAction57847](#)
92. NEREUS: a satellite-based tool for the fight to Illegal Unreported and Unregulated (IUU) Fishing (Surrey Space Centre (Academic institution)) [#OceanAction57850](#)
93. Bermeo Tuna - Promoting multistakeholder blue economy through the International Tuna Sustainability Declaration (Bermeo Tuna World Capital (Partnership)) [#OceanAction57851](#)
94. Advancing Multi-stakeholder and Intergenerational Initiatives for the Conservation and Sustainable Use of the Ocean (International Coastal and Ocean Organization (NGO), Interamerican Association for Environmental Defense (NGO), Monmouth University-Urban Coast Institute (Academic institution), Nausicaá, National Sea Centre, France (Civil society)) [#OceanAction57855](#)
95. Island Ocean Connection Challenge (IOCC) (The IOCC convening partners are: Island Conservation (NGO), Re:wild (NGO), and Scripps Institution of Oceanography, University of California San Diego (Academic Institution), The Republic of Palau (Government), The Republic of Panama (Government)) [#OceanAction57858](#)
96. Build remote island community resilience through socio-economic redesign and coral reef conservation (Ocean Toa (Civil Society organization), Moshun.Earth (Private sector)) [#OceanAction57857](#)
97. Regional Commitment for the Conservation of the Southeast Pacific: Network of Marine and Coastal Protected Areas “RAMPAS” (Comisión Permanente del Pacífico Sur - Permanent Commission for the South Pacific (CPPS) (IGO)) [#OceanAction57859](#)
98. ProtectedSeas Navigator - a commitment to biennial reports of ocean protection status (ProtectedSeas (NGO)) [#OceanAction57860](#)
99. CISOS24 DECLARATION (National Rectors Council, Costa Rica (Academic institution)) [#OceanAction57861](#)

100. Documentation of marine and coastal ICCAs—territories of life Association Consortium pour les Aires et Territoires du Patrimoine Autochtone et Communautaire (APAC) (NGO)) [#OceanAction57863](#)
101. Tiaki Moana: An International Participatory Movement for the Protection of the Ocean – Centering Pacific-Led Marine Conservation with Equity, Accountability, and Recognition (Blue Cradle Foundation (NGO)) [#OceanAction57864](#)
102. Commitment to Science, Research, and Ocean Literacy in Expedition Cruising (HX Expeditions (HX Cruises Ltd) (Private Sector)) [#OceanAction57866](#)
103. Support to the post-harvest fisheries value chain development in Cambodia (CAPFish project, ID 180039) (UNIDO, in cooperation with the Ministry of Agriculture, Forestry and Fisheries, universities and research institutions, private sector actors, and other stakeholders) (United Nations / Multilateral body)) [#OceanAction57867](#)
104. Enhancing Blue Trade Corridors in the SADC Region (UNIDO (United Nations / Multilateral body)) [#OceanAction57868](#)
105. Strengthening Transparency and Compliance to Combat IUU Fishing in the Mediterranean (Med Sea Alliance (Partnership)) [#OceanAction57869](#)
106. Declaration Women 4 Our Ocean (BUSINESS as NATURE – Associação para a Produção e Consumo Sustentável e a Economia Circular (NGO)) [#OceanAction57870](#)
107. Reach 1,000,000 learners globally with environmental & ocean education by 2030. (Captain Fanplastic (NGO)) [#OceanAction57871](#)
108. Turn Waste into Wealth in Marine Biodiversity Hotspots, Supporting Marine Protection and Management. (Positive Change for Marine Life (NGO)) [#OceanAction57873](#)
109. GC for Med (Country Networks of the UN Global Compact (United Nations / Multilateral body)) [#OceanAction57875](#)
110. Enhanced market access for Mozambique's SMEs of the aquaculture value chain, through strengthening their quality and compliance capacity (UNIDO (United Nations / Multilateral body)) [#OceanAction57876](#)
111. Strengthening quality and standards compliance capacity of shrimp and tilapia aquaculture value chains in Colombia to facilitate market access – GMAP Colombia (GMAP Colombia, for short) - UNIDO project #200025 (Norway (Government), UNIDO (UN / Multilateral Body), Ministry commerce, industry and tourism of Colombia (Government)) [#OceanAction57877](#)
112. A consortium to strengthen collaboration for the conservation in the Pelagos Sanctuary (Prince Albert II of Monaco Foundation (NGO)) [#OceanAction57878](#)
113. Supporting business-friendly and inclusive national and regional policies, and strengthening productive capabilities and value chains (ACP Business-Friendly, for short) - UNIDO project #170049 (World Bank (macro-level), UNIDO (meso-level), ITC (micro-level) (United Nations / Multilateral body)) [#OceanAction57879](#)

114. Strengthening Marine Environmental Monitoring and Compliance in the Mediterranean (Nisida Environment (NIS); Stazione Zoologica Anton Dohrn (SZN). (Private Sector)) [#OceanAction57886](#)
115. Rights of the Galapagos and the Hermandad Marine Reserve and life within it to a pollution free future: accelerating solutions (Galapagos Conservation Trust (NGO)) [#OceanAction57887](#)
116. Guardians of the Ocean: Indigenous-Led Marine Stewardship & Eco-Literacy (O'KANATA (NGO)) [#OceanAction57888](#)
117. From Ocean to Market: Advancing a Sustainable Seaweed Value Chain for Coastal Prosperity in Indonesia (UNIDO (United Nations / Multilateral body)) [#OceanAction57898](#)
118. Sustainable Shrimp-Mangrove Farming (Silvofishery) for Climate Action and Livelihood improvement (UNIDO (United Nations / Multilateral body)) [#OceanAction57899](#)
119. OceanLitter Program (includes 3 projects: GloLitter Partnerships, RegLitter and PRO-SEAS projects) (International Maritime Organization (UN), Food and Agriculture Organization (UN) (United Nations / Multilateral body)) [#OceanAction57922](#)
120. Building the Capacity of IPLCs to Co-manage Marine Ecosystems to Ensure Long Term Social, Economic and Climate Resilience (Reef Check Malaysia (NGO)) [#OceanAction57920](#)
121. Reducing Marine Debris along Coastlines in the Gulf of Guinea (Cameroon) (Hope for humanity outreach (HOF-HO) (Civil society organization)) [#OceanAction57938](#)
122. Advancing sustainable aquaculture development through the FAO Guidelines for Sustainable Aquaculture (GSA) (FAO (United Nations / Multilateral body)) [#OceanAction57942](#)
123. Towards healthy seas, productive fisheries and aquaculture and sustainable livelihoods in the Mediterranean and Black Sea through a level playing field and cooperation within the GFCM ((FAO (United Nations / Multilateral body)) [#OceanAction57941](#)
124. Recognizing and Supporting Youth and Women led solutions for the Conservation of the Coastal Wetland of Mallorquín and to combat plastic pollution (Fundación Barranquilla+20 (NGO)) [#OceanAction57949](#)
125. Securing sustainable small-scale fisheries for food security and poverty eradication through the SSF Guidelines implementation in the context of Blue Transformation (FAO (United Nations / Multilateral body)) [#OceanAction57952](#)
126. Reducing marine litter from fisheries activities and maritime transport, in particular abandoned, lost or otherwise discarded fishing gear (ALDFG), through international efforts and action (FAO (United Nations / Multilateral body)) [#OceanAction57953](#)
127. IMO GreenVoyage2050 Programme (International Maritime Organization (United Nations / Multilateral body)) [#OceanAction57961](#)

128. Blue Futures Pathways: Engaging youth in the Sustainable Blue Economy (Students on Ice (SOI) Foundation (NGO)) [#OceanAction57968](#)
129. GloNoise Partnership - Global Partnership for Mitigation of Underwater Noise from Shipping (International Maritime Organization (United Nations / Multilateral body)) [#OceanAction57975](#)
130. Empowering Early Career Ocean Professionals for Global Ocean Stewardship (ECOP Canada (Partnership)) [#OceanAction57977](#)
131. The Indian Ocean Tuna Commission is committed to support the sustainable management of tuna and tuna-like species in the Indian Ocean (Indian Ocean Tuna Commission (IOTC) (IGO)) [#OceanAction57980](#)
132. SMART-C Traffic ((International Maritime Organization (United Nations / Multilateral body)) [#OceanAction57982](#)
133. SMART-C GHG (International Maritime Organization (United Nations / Multilateral body)) [#OceanAction57984](#)
134. SMART-C Women (International Maritime Organization (United Nations / Multilateral body)) [#OceanAction57981](#)
135. SMART-C Leader (International Maritime Organization (United Nations / Multilateral body)) [#OceanAction57983](#)
136. SMART-C LC/LP (International Maritime Organization (United Nations / Multilateral body)) [#OceanAction57985](#)
137. Building Partnerships to Assist Developing Countries to Minimize the Impacts from Aquatic Biofouling (GloFouling Partnerships) International Maritime Organization, NORAD (United Nations / Multilateral body)) [#OceanAction58002](#)
138. Accelerating Transfer of Environmentally-Sound Technologies (TEST) through demonstration pilots to reduce biofouling and related emissions (TEST Biofouling) (International Maritime Organization, NORAD)) [#OceanAction58003](#)
139. Municipal marine protection (City of Kiel (Local / Regional Government)) [#OceanAction58005](#)
140. Advancing Satellite-Based Coastal Ocean Observation for Achieving SDG14
141. Japan Agency for Marine-Earth Science and Technology (JAMSTEC) (Academic institution)) [#OceanAction58008](#)
142. Time-series observation of ocean acidification and ecosystem resilience assessment for the achievement of SDG14
143. U.S. National Oceanic and Atmospheric Administration (NOAA) (Government), Marine Biological Laboratory (MBL), University of Hawaii Manoa, Oregon State University (Academic Institution)) [#OceanAction58018](#)
144. Sea Explorations (Green Armada (NGO)) [#OceanAction58029](#)
145. Advancing a Sustainable and Resilient Atlantic-Arctic Ocean Through Collaborative Research and Innovation (BlueMission Atlantic Arctic project (Scientific Community)) [#OceanAction58031](#)

146. Deep Ocean Microbiomes and Ecosystems (DOME) (Shanghai Ocean University; Polar Research Institute of China (Academic Institution)) [#OceanAction58036](#)
147. Monitoring and mitigating seabird bycatch in the Mediterranean (Ligue pour la protection des oiseaux; BirdLife Malta; Sociedad Española de Ornithologic; Sociedade Portuguesa para o Estudo das Aves; Hellenic Ornithological Society (NGO)) [#OceanAction58054](#)
148. Enhancing the role of aquatic foods in delivering healthy diets for those in vulnerable settings (FAO (United Nations / Multilateral body)) [#OceanAction58062](#)
149. Strengthening global efforts against illegal, unreported, and unregulated fishing through enhanced national capacities (FAO (United Nations / Multilateral body)) [#OceanAction58064](#)
150. Supporting the application of the Ecosystem Approach to Fisheries (EAF) management considering climate and pollution impacts (FAO (United Nations / Multilateral body)) [#OceanAction58063](#)
151. Improving the assessment of marine fishery stocks, ensuring data accuracy and enhancing the capacity to monitor stock status (FAO (United Nations / Multilateral body)) [#OceanAction58065](#)
152. Strengthening capacity for sustainable fisheries through enhanced data collection, stock assessment, and management (FAO (United Nations / Multilateral body)) [#OceanAction58092](#)
153. Promoting sustainable fisheries management by supporting countries and Regional Fisheries Bodies in developing and implementing improved processes and systems (FAO (United Nations / Multilateral body)) [#OceanAction58094](#)
154. Advancing climate change adaptation and mitigation by facilitating countries access to knowledge, tools and climate finance for effective action (FAO (United Nations / Multilateral body)) [#OceanAction58093](#)
155. Understanding the Ocean below the seafloor: Scientific ocean drilling linking the past and future of Planet Earth (European Consortium for Ocean Research Drilling - ECORD (Partnership)) [#OceanAction58104](#)
156. Expanding and Strengthening Marine Protected Areas for a Connected and Resilient Ocean (ZERO – Association for the Sustainability of the Earth System; Último Recurso (NGO)) [#OceanAction58114](#)
157. Surfer Scientists - mobilising surfers globally to conserve and sustainably manage surfing ecosystems. (A Liquid Future (NGO)) [#OceanAction58117](#)
158. One Ocean Human Rights Center (Rafto Foundation for Human Rights (Civil Society organization)) [#OceanAction58125](#)
159. Golden Tides – Ocean Life Regeneration through Sagassum Management (Climate Cleanup (NGO), Oceanus International (Private sector)) [#OceanAction58126](#)
160. Construct and operate a global center for applied aquaculture innovation in La Paz, Mexico (Innovaciones Alumbra (Private Sector)) [#OceanAction58131](#)

161. Blue Carbon Science: Evidence, policy, and credibility in global conservation and restoration objectives (The UN Ocean Decade Programme for Blue Carbon (GO-BC) (United Nations / Multilateral body)) [#OceanAction58134](#)
162. Meros of Brazil Project (Meros of Brazil Institute (NGO)) [#OceanAction58138](#)
163. Ocean Acidification Research for Sustainability (OARS) Programme (Plymouth Marine Laboratory (Academic Institution), IOC UNESCO (United Nations), University of Washington (Academic Institution)) [#OceanAction58148](#)
164. Accelerate Effective MPA Coverage with Incentive, Support, and Tracking (Marine Conservation Institute (NGO)) [#OceanAction58160](#)
165. Blue Santos (Blue Santos - AEAS - RethinkingWorks (Civil Society organization)) [#OceanAction58197](#)
166. Echoing Ocean Programme (Metis Fund (endowment funds, supported by the French Development Agency (AFD)) (Other relevant actor)) [#OceanAction58202](#)
167. Ocean Education 2030 (Tianjin Eco-city Friend of Green Eco-Culture Promotion Association (NGO)) [#OceanAction58210](#)
168. Filling the ocean solutions funding gap with \$1 billion (Katapult Ocean (Private sector)) [#OceanAction58211](#)
169. Space4Ocean. Monitoring marine ecosystems with satellites (Arboleda Intelligence (LLC) (Private sector)) [#OceanAction58212](#)
170. Bridging Art and Science for Ocean Conservation: PangeaSeed's Global Commitment (PangeaSeed (NGO)) [#OceanAction58213](#)
171. When sound becomes noise – data and knowledge collection to inform Arctic marine management (Oceans North (NGO)) [#OceanAction58222](#)
172. Updated Joint Roadmap to accelerate Marine/Maritime Spatial Planning processes worldwide (MSProadmap 2022-2027) (Intergovernmental Oceanographic Commission of UNESCO (United Nations / Multilateral body); European Commission (IGO)) [#OceanAction58234](#)
173. Accelerating Marine Spatial Planning in the Western Pacific and its Adjacent Areas (IOC Sub-Commission for the Western Pacific/ UN Ocean Decade Coordination Office, IOC/UNESCO (United Nations / Multilateral body)) [#OceanAction58241](#)
174. Indian Ocean Governance: Operationalising the United Nations Convention on the Law of the Sea through Integrated Legal and Institutional Implementation (Parties to the Joint Ocean Commitment: School of International Cooperation, Security and Strategic Languages, Rashtriya Raksha University (Academic Institution), Ministry of Home Affairs, Government of India (Government), BIMSTEC (IGO)) [#OceanAction58247](#)
175. Characterization of the seafloor habitats of marine protected areas (Directorate of Hydrography and Navigation of the Peruvian Navy (Government)) [#OceanAction58268](#)
176. #Savetheblu (Lobby for the Ocean, voice out for the whales (NGO)) [#OceanAction58293](#)

177. Global Ocean Climate Update (The Earth System and Climate Centre (NGO))
[#OceanAction58301](#)
178. Antarctic Youth Pact in Latin America (Sustainable Ocean Alliance Peru (Civil society organization)) [#OceanAction58302](#)

Other Commitments Announced

1. The Development Bank of Latin America announced a voluntary commitment of USD 1.2 billion to support projects to benefit the ocean in the region.
2. European Investment Bank will extend an additional EUR 150 million across the Caribbean Region as part of the Clean Oceans Initiative.
3. Finland submits 10 commitments to the UN Ocean Conference, worth at least 100 million euros in costs and benefits, in order to improve the environmental status of the Baltic Sea.
4. The Commonwealth Blue Charter's climate finance hub unlocked 50 million USD for vulnerable countries.
5. Ireland announced a package of almost EUR 10 million for funding of ocean initiatives.
6. Sweden will support enhanced scientific cooperation, including by providing USD 400,000 in 2022 to IOC UNESCO for the UN Decade on Ocean Science.
7. Australia committed AUD 1.2 billion to preserve and restore the Great Barrier Reef.
8. Italy announced a project of EUR 400 million to consolidate and expand the national system of protected areas.
9. Monaco launched the Monk Seal Alliance in 2019, aiming to protect the Mediterranean species and its habitats and providing EUR 2.7 million by 2024.
10. Namibia announced USD 5 million annually to conduct research, control, monitoring and surveillance in marine ecosystems.
11. United Kingdom of Great Britain and Northern Ireland committed to doubling the UK international climate finance to 11.6 billion pounds and will assist, through its GBP 500 million Blue Planet Fund, developing countries to protect the marine environment, with the allocation of GBP 154 million for coastal restoration and GBP 36 million to small island developing States for developing climate-resilient ocean-based economies.
12. Panama committed to increasing its protection of at least 40% of the marine surface area by 2030.
13. Colombia announced that it will extend its marine protection to 37% of its native waters.
14. Portugal committed to ensure that 100% of the marine area under Portuguese sovereignty or jurisdiction is assessed as being in Good Environmental State and plans to classify 30% of the national marine areas by 2030.
15. Belize announced that it will protect 30% of their marine area by 2030.
16. Spain announced a commitment to protect 30% of their marine area by 2030.
17. Palau announced 30% marine protection by 2030, and an aspiration towards 100% sustainable management of the Pacific Ocean in the long term.
18. Pakistan announced plans to designate an area of 27,000 square kilometers as another MPA in the Indus River Canyon.
19. Aruba announced a commitment to expand their marine park to an island-round marine protected area.

20. Netherlands announced that they will incorporate the Wadden Sea into a well-connected trans-European network of marine protected areas (MPAs) and work towards restoring hundreds of square kilometers of biogenic reefs.
21. Cambodia announced that its first large-scale marine protected area was initiated in June 2022, covering 405 square km around the islands of Koh Rong.
22. Chile announced a new marine protected area of importance to blue whales.
23. Greece committed to declare 10% of Green Waters as no-take by 2030.
24. Canada announced the establishment of the Eastern Canyons Marine Refuge off Canada's East Coast.
25. Jamaica committed to increase the amount of marine area of their EEZ protected by 2025.
26. Sri Lanka committed to extending protected areas in 15 coastal districts, increasing MPAs to 6.3% of exclusive economic zone (EEZ).
27. China pledged to launch 31 marine ecological preservation and restoration projects in the next five years.
28. China pledged to aid developing countries, especially SIDS, through the One Belt One Road initiative.
29. Kenya announced that it is developing a national blue economy strategic plan, and a national action plan on sea-based marine plastic litter.
30. Black Sea Economic Cooperation Organization launched the Black Sea Connect Project, a blue growth initiative for research and innovation, and the Black Sea Virtual Knowledge Center on blue economy.
31. Palau announced a commitment to 100% renewable energy by 2032.
32. Sweden committed to reach 100% renewable production by 2040, including offshore wind energy.
33. Portugal announced that it will invest in producing ocean renewable energies with a view to reaching 10 gigawatts of capacity by 2030 and, together with the European Maritime Safety Agency, create a pilot area for controlled emissions on Portuguese seas.
34. The United States and Norway announced a Green Shipping Challenge for the 27th meeting of the Conference of the Parties to the UN Framework Convention on Climate Change (UNFCCC COP 27).
35. Chile announced that it is working with specialized centers to develop a network of green corridors for maritime transport to achieve zero-carbon shipping.
36. The United States pledged to produce 30 gigawatt of clean ocean energy by 2030.
37. Norway pledged to build enough offshore wind farms to produce as much electricity as is currently used by Norway.
38. The United States and Jamaica announced that they will be joining the International Alliance to Combat Ocean Acidification.
39. Peru pledged to submit 19 voluntary contributions, including efforts in aquaculture, and ocean acidification.

40. Thailand announced a voluntary commitment on observation and research in response to ocean acidification.
41. The United States, Canada and the United Kingdom announced the launch of the IUU (illegal, unreported and unregulated) Fishing Action Alliance.
42. Canada announced 20 new commitments, including 1.7 million CAD for combatting IUU fishing, extending Canada's Dark Vessel Detection Platform to support Ecuador's efforts to address IUU fishing around the Galapagos Islands.
43. India committed to a Coastal Clean Seas Campaign and is working toward a ban on single use plastics, beginning with plastic bags.
44. The Alliance of Small Island Developing States (AOSIS) launched the Declaration for the Enhancement of Marine Scientific Knowledge, Research Capacity and Transfer of Marine Technology to Small Island Developing States (SIDS).
45. The Woods Hole Oceanographic Institution announced the Ocean Vital Signs Network to better understand ocean carbon fluxes and invited partners to join.
46. Greece launched the European Research Centre for Alternative Marine Fuels.
47. Singapore pledged to launch research initiatives on tracking fish populations, on using solar energy to spur coral reef growth and on marine impacts of climate change.
48. The Nippon Foundation announced the launch of the Ocean Voices initiative, to build the capacity of young researchers from island countries and coastal communities, financed by the Nippon Foundation, in partnership with the University of Edinburgh.
49. The Nippon Foundation announced a commitment to host the Global Island Summit in Tokyo in 2024 to identify challenges and take necessary measures on related challenges.
50. The European Commission announced a project to establish an International Panel for Ocean Sustainability (IPOS), to allow for the assessment of the current and future state of the ocean.
51. Indonesia announced plans to establish a research and data collection platform for archipelagic island nations.
52. The UN Economic and Social Commission for Asia and the Pacific announced a new commitment to continue enhancing regional cooperation for conservation and sustainable use of marine and coastal ecosystems.
53. France and Costa Rica announced their offer to co-host UN Ocean Conference in 2025.
54. Greece and USA announced that they co-host the Our Ocean Conference in 2024.
55. Solomon Islands committed to establish a legal framework for ocean legislation and commissioner by 2025.
56. Solomon Islands pledged to contribute to the global 30 by 30 target by further strengthening indigenous guardianship and their national framework of locally managed and protected areas.
57. Solomon Islands pledged to reduce GHG emissions from international and domestic ships at out ports.

58. Solomon Islands pledged to support the finalizing, adoption, and entry into force of the legally binding instrument to protect BBNJ.
59. Sweden announced that it is allocating 1% of its DNI to international development, with climate as the largest priority.
60. Sweden announced a commitment to double to \$400 million its support to the global environment facility.
61. Sweden announced a commitment to continue to support the Blue Action Fund and give \$800 million to Sweden's global co-operation fund for environment, climate and biodiversity from 2022 to 2026.
62. Algeria stated that it had announced eight voluntary commitments at the conference and would announce a further three commitments for protected areas.
63. Papua New Guinea announced a commitment towards the declaration this year of 17,000 square km of marine protect areas.
64. Bulgaria announced the Resilience and Recovery Plan, which sets up investment measures and reforms in the field of biodiversity protection with 54 million euros.
65. Bulgaria announced that it is investing 92 million euros in developing a circular economy, including technology for recycling of water and materials.
66. Costa Rica reiterated its leadership of the High Ambition Coalition (HAC) for Nature and People (co-chaired with France) and its support for the GloLitter Partnerships project, which will assist developing countries to prevent and reduce marine litter, especially plastic marine litter.
67. Costa Rica announced a commitment to extend the Eastern Tropical Pacific Marine Corridor to form an interconnected protected area linking their respective marine reserves (with Colombia, Ecuador and Panama).
68. Cambodia shared that it is currently drafting a new environmental code to strengthen environmental conservation and management.
69. St. Kitts and Nevis announced that it recently signed on to the Agreement on Port State Measures (PSMA) targeting illegal, unreported and unregulated (IUU) fishing and that it has embarked on program for ocean literacy.
70. Cote D'Ivoire announced initiatives undertaken in partnership with the African Development Bank, Morocco and Japan, among others, including a national strategy for fisheries management and access for artisanal fishers and promoting aquaculture.
71. The Commonwealth highlighted that it has adopted the Blue Charter which includes two key initiatives: 1) the Commonwealth Climate Finance Access Hub, which has unlocked 50 million USD to address climate impacts in vulnerable countries with another 800 million USD in the pipeline; and 2) the new Living Lands Charter, endorsed by Heads of Government last week.
72. The Commonwealth announced that the launched the Blue Charter Project Incubator to assist Governments with an ambitious target of incubating at least 30 country-led ocean projects.

73. The Black Sea Economic Cooperation announced the “Black Sea Connect program” for blue growth.
74. The Black Sea Economic Cooperation announced the “Black Sea Virtual Knowledge Center” on the blue economy.
75. The Black Sea Economic Cooperation announced a program on innovation and youth entrepreneurship.
76. The Black Sea Economic Cooperation announced an EC-funded program on climate resilience and ecosystem restoration.
77. The Black Sea Economic Cooperation announced a GEF-funded program called “Bluing the Black Sea”.
78. By the end of the year, French Polynesia plans to preserve a coastal zone the size of France.
79. Australia announced that it would invest 16 million dollars to support the Pacific regional marine litter action plan.
80. 103 States announced ratifications of the WTO Fisheries Subsidies Agreement (“Fish 1”).
81. 23 States announced ratifications of the IMO Cape Town Agreement.
82. The Government of China announced the ratification of the Port State Measures Agreement (PSMA).
83. Côte d’Ivoire and Belgium announced ratifications of the ILO Work in Fishing Convention (C188).
84. 6 States announced the completion of their ratification of the BBNJ Agreement, and 12 additional States committed to depositing their instruments of ratification by the UN General Assembly High-level Week in September 2025.
85. Luxembourg, Slovenia, Cyprus, Latvia, and the Marshall Islands announced a precautionary pause on deep seabed mining.
86. A group of 20 Champion States announced the expansion of Marine Protected Areas through an “MPA Champions” group.
87. Costa Rica, Ecuador, and Colombia announced the creation of a Transboundary High Seas MPA.
88. French Polynesia announced the designation of the Tainui Atea MPA (4.55M km²).
89. The Government of France announced its 2026 ocean protection target (78% EEZ, 14.8% strong protection).
90. The Government of France nominated Mayotte’s double coral reef for UNESCO World Heritage status.
91. 96 Countries endorsed the “Nice Wake Up Call” plastics declaration.
92. 22 States issued the Mediterranean Ministers’ Declaration on Ocean Action.
93. A group of 20 Champion States launched the “Ocean Pioneers” group to mobilize the international community for ambitious ocean governance.
94. A coalition of 18 African States announced the Pact for a Sustainable Blue Africa.

95. 12 European nations announced the support of the creation of the Mercator International Center for the Ocean.
96. Brazil and France, joined by Australia, Fiji, Kenya, Mexico, Palau, and Seychelles launched the Blue NDC Challenge.
97. France, Ghana, Maldives, and Panama announced commitments on fisheries ownership transparency.
98. The Government of France announced its support for the launch of the Neptune Mission, a European programme for the scientific exploration of the deep ocean.
99. WWF, the IUCN, and other NGOs launched the Sharks++ Call, which is supported by the governments of France, Australia, Ecuador, Maldives, Malta, Panama, the Republic of Congo, Spain, and the United Kingdom, to halt the extinction of endangered sharks and rays.
100. The European Union announced the European Pact for the Ocean (€1 billion commitment).
101. The European Union announced EU Ocean Mission funding of €45 million for adaptation projects.
102. Parliamentarians from 21 countries launched the Interparliamentary Coalition for Ocean Protection (ICOP) and a Legislative Pact for ocean sustainability.
103. A consortium led by the French National Centre for Scientific Research (CNRS) and the French National Alliance for Research (AllEnA), in partnership with UNESCO-IOC and other major global research institutions, launched the Starfish Barometer on ocean science and public reporting.
104. UNESCO officially launched the Decade of Action for Cryosphere Sciences (2025–2034) in the presence of the Presidents of France and Tajikistan.
105. A consortium of scientists, civil society, athletes and philanthropists launched the Coalition for Glacier Preservation, with the support of the Government of France.
106. 20 Development Banks announced the creation of the Ocean Coalition of Finance in Common (\$7.5 billion/year).
107. 80 organizations from 25 countries (Private sector and civil society coalition) issued a Business in Ocean Call to Action.
108. 15 companies and major tourism and shipping networks adopted the Sustainable Blue Tourism Pact.
109. A coalition of 10 Mediterranean organizations involved in the transition to ecologically safe and socially just operations launched the Circemed Project (Mediterranean Circular Economy Network).
110. The Global Fund for Coral Reefs launched the Global Coral Reef Fund (> \$25 million contributions).
111. 22 Parties to the Barcelona Convention issued the Barcelona Convention 50th Anniversary Political Declaration.

112. A consortium of Pacific States and research institutes announced the establishment of the Pacific Center of Deep Ocean Science.
113. The European Space Agency issued a call for coastal risk analysis projects (€50K–€3M grants).
114. The GCCM coalition announced the GCCM C-CAF Fund (€5 million grants for climate/ocean).
115. A Civil society coalition of 2,000 women from 45 countries launched the Women Actions for the Ocean Platform.
116. 44 youth organizations representing 1.5 million youth issued the World Manifesto of Young Citizens of the Ocean.
117. A coalition of indigenous and local communities launched the One Oceana Coalition (indigenous and community governance platform).
