

SDG GOOD PRACTICES, SUCCESS STORIES AND LESSONS LEARNED IN THE IMPLEMENTATION OF THE 2030 AGENDA

Second Open Call: Towards the Decade of Action to Deliver the Sustainable Development Goals

FREQUENTLY ASKED QUESTIONS

WHAT IS THE CALL FOR GOOD PRACTICES ABOUT?

The United Nations Department of Economic and Social Affairs (UN DESA), through its Division for Sustainable Development Goals (DSDG) has launched a second open call (<https://sdgs.un.org/sdg-good-practices>) for good practices, success stories and lessons learned in the implementation of the 2030 Agenda for Sustainable Development and its 17 Sustainable Development Goals (SDGs). The purpose of this call is to highlight examples of good practices, including those that could be replicated or scaled-up by others across the globe. The submitted practices may show how gaps and constraints could be addressed, and what steps could be taken to accelerate progress in the achievement of the SDGs as well as support recovery from the COVID-19 pandemic.

A first open call for SDG Good Practices was conducted from Nov-2018 to February-2019. The outcomes of the first open call can be found here: <https://sustainabledevelopment.un.org/partnerships/goodpractices>. In addition, a digital publication was published by UN DESA based on the results of the first open call and can be downloaded from here: <https://sdgs.un.org/publications/sdg-good-practices-2020>.
