

United Nations High-level Political Forum on Sustainable Development Special Event 8 July 2021

The members of the **Alliance for Hydromet Development** and the **United Nations Department of Economic and Social Affairs** cordially invite you to join the

Launch of the Hydromet Gap Report

High-quality weather forecasts, early warning systems, and climate information - hydromet - play a foundational role for climate action and sustainable development. Yet large gaps exist in hydromet capacities in developing countries, many of whom are on the front lines of climate change. The event will present the findings of the first Hydromet Gap Report and the recommendations for priority actions, including the creation of the Systematic Observations Financing Facility.

08:00 - 09:00 EDT/14:00 -15:00 CEST

Public event - Join [here](#) via Zoom: Meeting ID: 981 1427 6073 Passcode: 155319

Interpretation will be provided in all UN languages
