HLPF 2021 SDG Learning session

Integrating Recovery Planning from COVID-19,
Building Resilience and Strengthening Policy Coherence Towards the SDGs

PART 1
- Address the challenges with inequalities
- Build an inclusive and resilience path

PART 2
- Promotes the economic, social, and environmental dimensions

7th July, 2021
Organizing Partners

• UNDESA
• UNITAR
• CANEUS
• FILAC
• UNOOSA
• GNDR
OBJECTIVES

Latest methodologies and approaches

Making progress in the implementation of SDGs

Contributing to sustainable recovery of the COVID-19 pandemic

By leveraging expertise from multi-stakeholder partners

OBJECTIVES

Latest methodologies and approaches

Making progress in the implementation of SDGs

Contributing to sustainable recovery of the COVID-19 pandemic

By leveraging expertise from multi-stakeholder partners
Objectives, Scope/Structure and Expected Outcome: Milind Pimprikar, CANEUS

**Part 1:**
Learn an **Open Online Course** “Integrated Recovery Planning and Policy Coherence towards the SDG’s” and its 5 Modules.

**Part 2:**
Learn training opportunities for integrating space-based solutions with Indigenous Knowledge including participatory community-led methods and planning for recovery that goes beyond 2030.

**Part 3:**
Learn about local resilience assessment tool “Views from the Frontline (VFL) Lite” to understand the unique resilience challenges faced by communities, and local perspective for inclusion in governance structures.

Objectives:
- Address the challenges with inequalities
- Build an inclusive and resilience path
- Promotes the economic, social, environmental dimensions
EXPECTED OUTCOME AND NEXT STEPS

- Increased awareness of UNDESA-UNITAR Open Online Course available for national stakeholders and everyone involved in recovery planning from COVID-19 pandemic and rebuilding back better towards the SDGs

- Supporting Indigenous sustainability’s by developing integrated knowledge forms and applications work together without boundaries.

- Capture the specific social, economical, and environmental threats and vulnerabilities faced by the displaced population

Contributing to “Sustainable and resilient recovery from the COVID-19 pandemic”
Welcoming Remarks by Session 3

Partners:

- UNDESA and UNITAR
- CANEUS
- FILAC
- UNOOSA
- GNDR
Welcoming Remarks by Session 3 Partners:

- UNDESA and UNITAR
- By Mr. Amson Sibanda, Chief of National Strategies and Capacity Building Branch (NSCBB/DSDG/UNDESA)
Continuation of Welcoming Remarks by Session 3 Partners:

• Moderated by Mr. Milind Pimprikar
• Founder & Chairman, CANEUS
Part 1: Introduction and overview of the Open Online Course “Integrated Recovery Planning and Policy Coherence Towards the SDGs” and its 5 Modules:

Moderator: Mr. Sami Areikat, Sustainable Development Officer, UNDESA/DSDG
Participant polling @ this course

Panellists: Ms. Veronique Verbruggen, Senior Interregional Advisor Governance and Public Institutions, UNDESA/DPIDG
Ms. Elena Proden, Senior Specialist, Strategic Implementation of the 2030 Agenda Unit, UNITAR

Part 1 Program (30 minutes)
- Panelists (17 minutes)
- Poll 1 (3 minutes)
- Q&A (10 minutes)
Part 1: Introduction and overview of the Open Online Course “Integrated Recovery Planning and Policy Coherence Towards the SDGs” and its 5 Modules:

Panellists: Ms. Veronique Verbruggen, Senior Interregional Advisor Governance and Public Institutions, UNDESA/DPIDG

Linkages Between the Building Blocks on Institutional Arrangements for Policy Coherence and the Steps for Integrated Recovery Planning and Policy Coherence
Linkages Between the Building Blocks on Institutional Arrangements for Policy Coherence and the Steps for Integrated Recovery Planning and Policy Coherence

1. Mobilizing stakeholders to envision success
2. Systems thinking to understand connections and leverage points
3 (A). Back-casting to identify strategic policy options
3 (B). Scenario analysis to identify transformative policy pathways
4. Coherent and adaptive implementation of transformative policy pathways

Integrated Recovery Planning and Policy Coherence Towards the SDGs
Recovery, Resilience and Transformation

Objectives, Scope/Structure and Expected Outcome: Milind Pimprikar, CANEUS
• Mobilise whole of government action
• Support present needs and those of future generations
• Capitalize on synergies btw social, economic and environmental policy areas
• Resolve divergence between policies
• Promote coordinated action across different levels of government
• Engage all relevant actors to identify priorities and challenges, align actions and mobilize resources
Objectives, Scope/Structure and Expected Outcome: Milind Pimprikar, CANEUS

4. Coherent and adaptive implementation of transformative policy pathways (Module 5)

3 (B). Scenario analysis to identify transformative policy pathways (Module 4)

3 (A). Back-casting to identify strategic policy options (Module 4)

1. Mobilizing stakeholders to envision success (Module 2)

2. Systems thinking to understand connections and leverage points (Module 3)

Integrated Recovery Planning and Policy Coherence Towards the SDGs

Recovery, Resilience and Transformation

STEPWISE APPROACH - Participatory, Qualitative, Quantitative
From linear problem-tree analysis to system maps

Picture source: IISD.

Causal Loop Diagram (system map), Costa Rica & UNDESA
Identify policy pathways that are:

- **Transformative**: address the leverage points
- **Coherent and strategic**: make sense when combined, with minimum trade-offs
- **Robust and adaptive**: can perform across a range of plausible scenarios
