

Bheki Bhembe, UNDP Economic Advisor

Empowered lives.
Resilient nations.

Inclusive growth, sustainability and decent jobs; what's practical for MSME's?

UNDP Country Programme: 2022-2026

IF people, particularly women and youth, have equitable access to quality services AND the environment is inclusive, enabling and peaceful THEN the economy can grow and be transformed into a sustainable, green and resilient space towards the attainment of the SDGs taking advantage of innovative and multi-stakeholder partnerships.

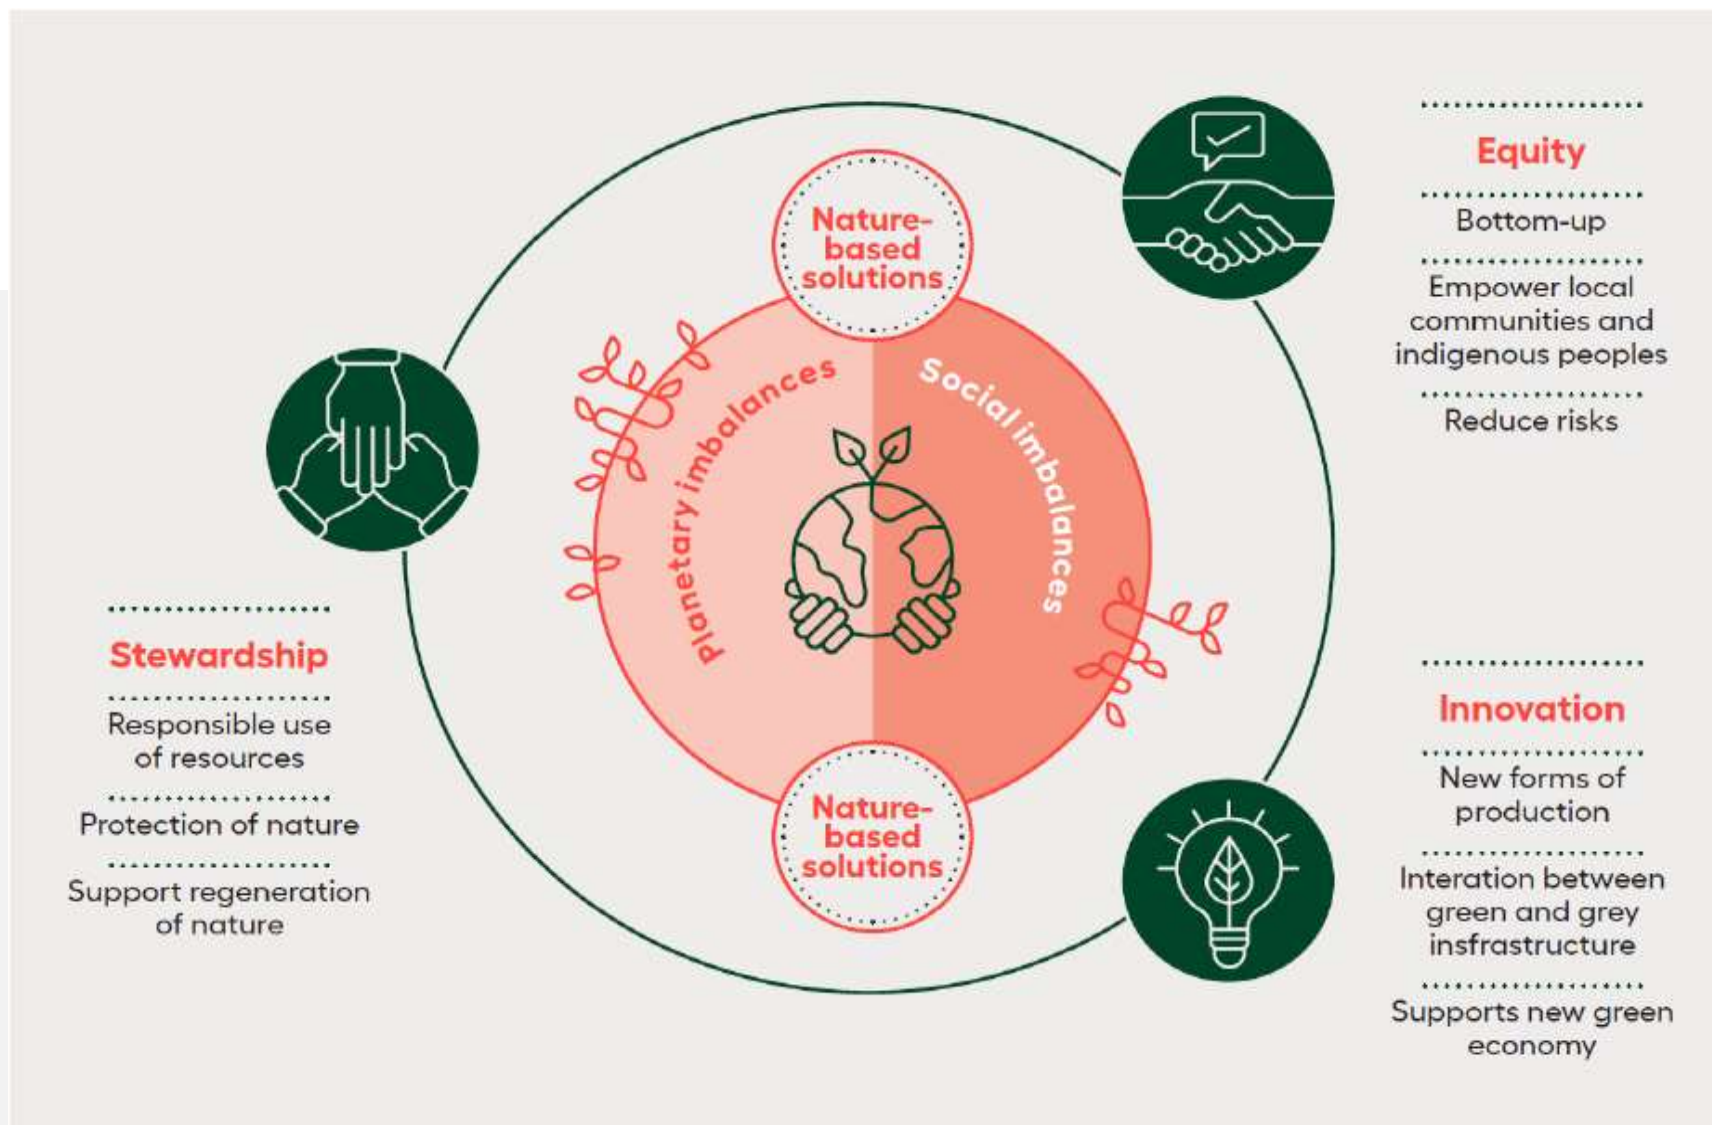

OVERALL CPD 2022-2026 ASSUMPTIONS

Continued commitment to LNOB policies for inclusion and improved service delivery	Strengthened oversight and accountability towards the SDGs	Financial and human resources for development and public service delivery in place	Peaceful elections and democratic participation	Early warning systems, prevention and mitigation measures and structures in place	Continued support to enhance national data systems towards the SDGs across all levels	Enhanced regional and national engagement for peace, security and economic development
