Inclusive growth, sustainability and decent jobs; what’s practical for MSME’s?

UNDP Country Programme: 2022-2026

Theory of Change

Sustainable and Resilient Recovery to Accelerate Implementation of the SDGs - particularly in the ASALs counties, informal urban settlements, for all women and girls, & all children and YOUTH in Kenya – underpinned by SDG target 10.2

UNSDCF Enabler Pillar 1: PEOPLE & PEACE
- Democratic systems and space for inclusive participation and social cohesion towards peace and security are enhanced
- Rightsholders & governance institutions capacity to ensure transparency, accountability and human rights principles towards the attainment of SDGs enhanced
- Enhanced capacity and governance of duty bearers to support public delivery of basic services at national and devolved levels
- Electoral, legislative and oversight institutions strengthened to promote inclusive, transparent and accountable governance and service delivery

UNSDCF Enabler Pillar 2: PROSPERITY & PLANET
- Inclusive and resilient green growth policies, financing and practices across key growth sectors enhanced
- National policy frameworks, planning, budgeting and data systems for SDGs indicators tracking, reporting and M&E systems strengthened
- Capacities to enhance innovation of existing and emerging markets across key productive sectors for youth, women and MSMEs enhanced
- Stakeholder knowledge sharing and market intelligence for south south and triangular cooperation enhanced
- Sustainable management of natural resources at the national, sub national and grassroots level using people centered approaches enhanced
- Capacities and resilience to disaster risks and climate impact across national and county levels enhanced
- Access to cost effective clean energy enhanced
- Capacities to reduce/avoid greenhouse gas emissions at national and county levels enhanced

UNSDCF Enabler Pillar 3: PARTNERSHIPS

IF people, particularly women and youth, have equitable access to quality services AND the environment is inclusive, enabling and peaceful THEN the economy can grow and be transformed into a sustainable, green and resilient space towards the attainment of the SDGs taking advantage of innovative and multi-stakeholder partnerships.
