Poverty is a huge challenge

1.2 billion continue to live in extreme poverty. Business as usual is no longer an option.

End Extreme Poverty
Reduce the percentage of people living on less than $1.25 a day to 3% by 2030

Promote Shared Prosperity
Foster income growth of bottom 40% of the population in every country

2 ambitious GOALS guide the World Bank Group

Vision calls for new approaches - Learning, innovation, and collaboration are critical accelerators in eradicating poverty in a finance-constrained world.

Country Responses to COVID-19 via Learning

4 Pillars of COVID support from World Bank

- Saving lives
- Strengthening health facilities
- Save jobs and businesses
- Build a more resilient recovery

Designing capacity building programs that accompany the financial commitments made on these COVID responses on economic recovery, on health care, sanitation, infrastructure etc.

KNOWLEDGE NOTE
Lessons from a Decade of Emissions Gap Assessments
Massive Open Online Course (MOOC) allows for unlimited participants to learn via a variety of interactive methods. Guided by a facilitator for cohorts of participants during specific times with an emphasis on engaging and group participation.

Virtual Knowledge Exchanges: Knowledge exchange that brings together development practitioners and other stakeholders in a virtual classroom where they can learn, share, and collaborate with global experts and peers.

Facilitated: Longer format of e-learning with interactive on-demand e-modules that build skills and knowledge.

Self-paced: Short, just-in-time learning that focuses on a specific topic.

Bite-sized: Combines online learning with face-to-face workshop sessions, site visits, peer-to-peer knowledge sharing and action planning activities.

Blended Learning Program: Knowledge exchange that brings together development practitioners and other stakeholders in a virtual classroom where they can learn, share, and collaborate with global experts and peers.
Innovative Learning Approaches

**On-the-Job**

- Sharing
- Mentoring
- Coaching
- Feedback Loop
- Learning by Doing
- Project/Field Work

**Flow of work**

- To anticipate needs, understand how work gets done
- Accelerate learning by placing tools & information in the flow
- When people learn through work, leverage it, recognize it, encourage it
- Augment performance by giving workers more data

**Virtual Reality**

- Personalize

**Open Learning Campus**
