The Nordic region

- The Nordic countries rank highly in international measurements of how far countries have come regarding implementing the 2030 Agenda.
- However, there are **many challenges**, especially concerning the work with the goals regarding **consumption and production, climate change, and the biodiversity crisis**.

The Baltic Sea Challenge

the Mayors were concerned for the state of the Baltic Sea

healthy waters = competitiveness and welfare of the cities

Joint action plan of the cities of Helsinki & Turku in Finland

An international network for concrete action at local level

Vision: A clean, productive and shared Baltic Sea

Engagement within the cities, in the cities, nationally & internationally

Global citizenship & transformative learning

Learning about issues that matters for the participants
(Freire; Klafki)

- Global citizenship is central to understanding the world we live in – connecting the local, national and global: **GLOCAL**

Systemic vs. Individual change

- Transformation is needed on all levels – from the individual to the systemic.
