2 UN STI Forum Side Events

- 2021 & 2018 STI Forum side event: Capacity Building in STI for SDGs

More than **500** participants from over **90** countries, **53%** female

Where do our participants come from?

Examples of feedbacks from participants:

How do you plan to use in your work the knowledge gained in the sessions?

“

 Since Bhutan is yet to have the STI policy as a mother document, the knowledge gained will be very useful (...). It gave me a sense of how I should go about proposing the policy.

-Participant from Bhutan, 2020 online training

 We will take this knowledge into account when we design the STI Roadmap for Ukraine

-Participant from Ukraine, 2020 online training

Examples of feedbacks from participants: What are your key takeaway messages?

“

A link between innovation, entrepreneurship and SDGs could help in aligning and achieving their goals or objectives

la culture du suivi évaluation doit être promu et la synergie des acteurs consolidée.

Learning is an important dimension of M&E

L'écosystème STI est structuré par un bon ME

le modèle de Startup Chile est intéressant pour booster l'entreprenariat innovant en Afrique

monitoring - better for agencies to do not only STI Ministries so (without fear) they can ask why some things were not done and advise on what should be done with time frames

-Participants from 2021 SADC training
