SDG
TRACKER

The need for an **SDG Tracker**

For governments

One-stop for decision makers

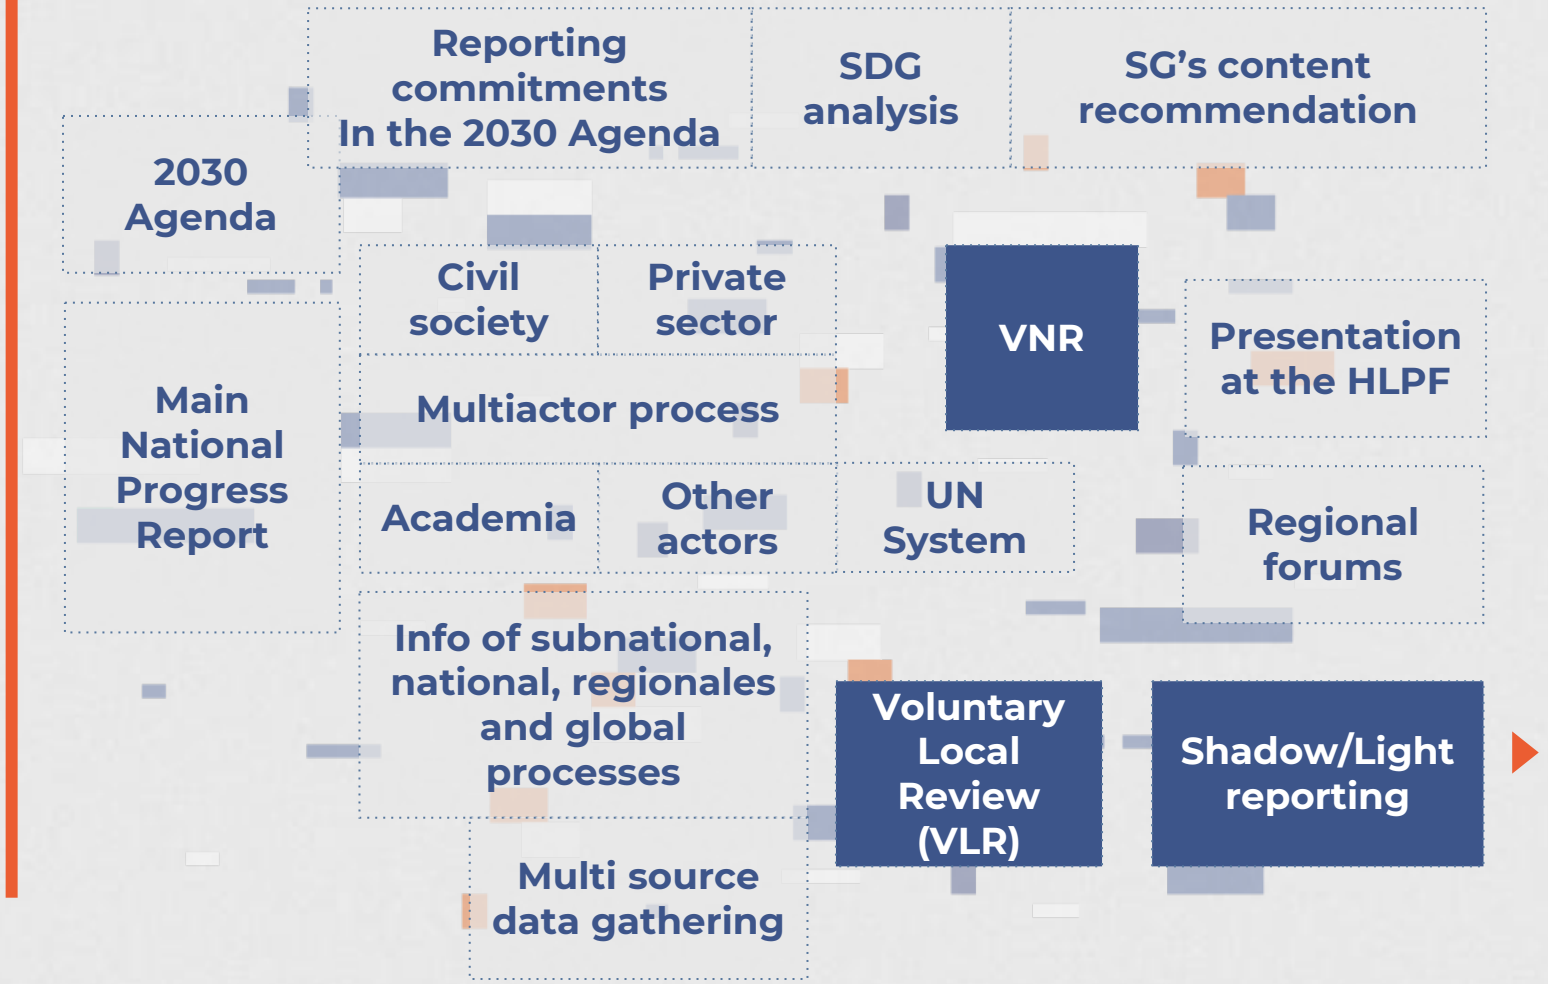
Simplifies the complex

Supports interagency collaboration, maximizes UN resources, strengthens VNRs, promotes inclusivity.

Improve the quality of your country´s VNR and participation at HLPF, UNGA & UN Regional Forum

The **2030 Agenda reporting** at the **national level**

Cepei gets them from this



To this

SDG TRACKER

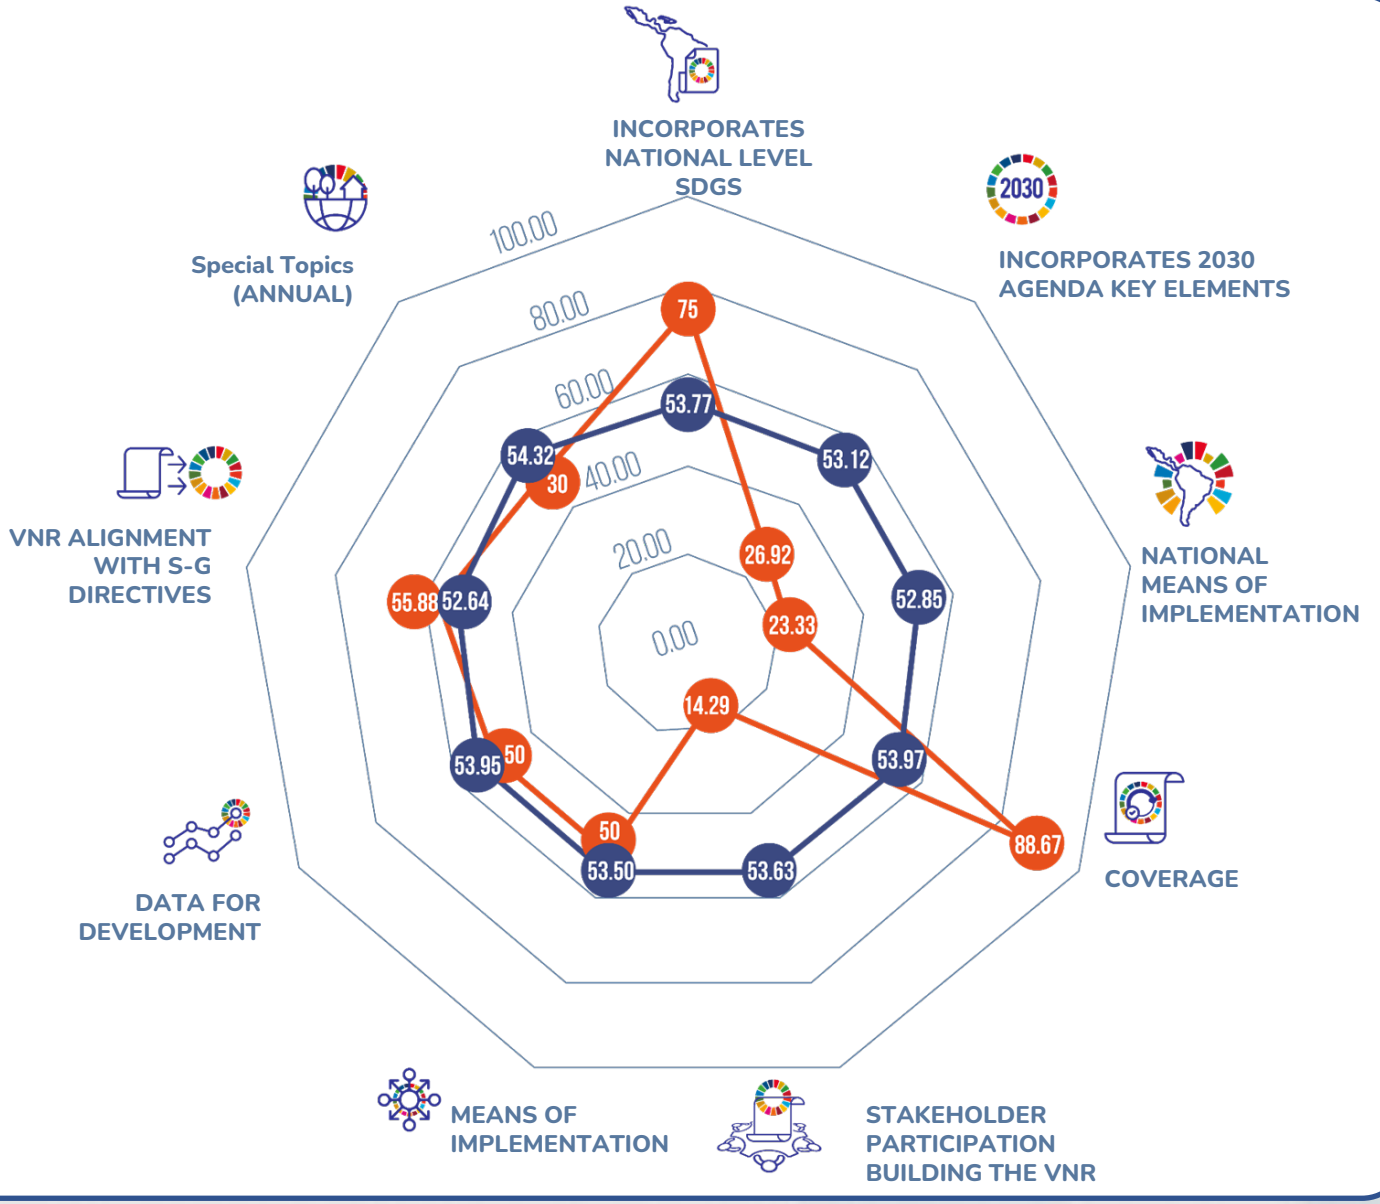
- Quality analysis
- User-tailored dashboards
- Connect information
- Lessons learned

SDG Tracker **Products**

Voluntary National Review Quality Index

Measures the quality of the VNRs according to their degree of alignment with the reporting commitments established in the 2030 Agenda and related instruments.

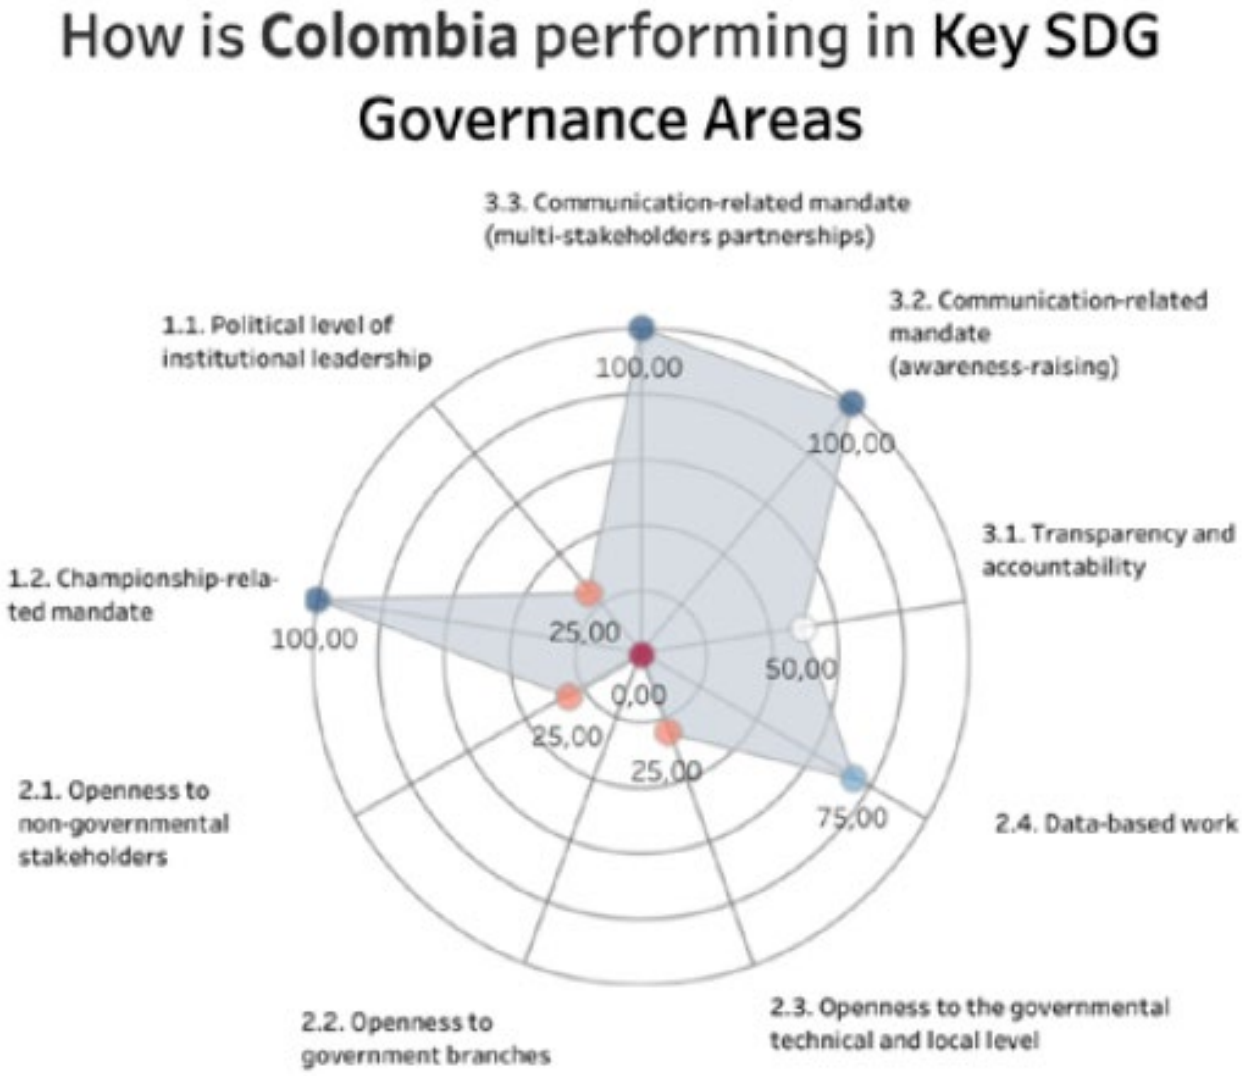
- Regional v.
- Uruguay



SDG Tracker **Products**

Quality of Institutional frameworks for SDG implementation

A qualitative analysis of the governance established by each Latin American and Caribbean country for SDG implementation and monitoring.



SDG Tracker **Products**

SDG Help Desk

Provides reporting countries with concrete suggestions for improving VNR quality based on Cepei's seven years of experience analyzing reports.

- **For first VNRs...**
- **For second and subsequent VNRs...**

- **...while building a VNR**
- **...while presenting a VNR**
- **...after submitting a VNR**

Thank you
