Regional governance mechanisms of the Pacific Resilience Partnership (PRP)
Climate Finance Access Network (CFAN)

• Unlocked UDS67 million
• USD348 million – investment pipeline

• Partners:
• SPC, Global Green Growth Institute (GGGI)
• Climate Finance Access Network (CFAN) is partnering with the Pacific Community (SPC) and the Global Green Growth Institute (GGGI) to expand capabilities in financing where they are most needed.
Pacific leaders have a bold vision to protect and rejuvenate our region’s extraordinary ecosystems, foster our peoples’ prosperity and empower our communities through to 2050. *Unlocking Blue Pacific Prosperity* will rapidly mobilise high-impact investment for this continent-wide transformation.
Key Messages

• Build on and invest in existing **strategic** partnerships to leverage scaled-up climate financing

• Partnerships need to be anchored in **regional and national contexts, frameworks, and plans**, underscored by Pacific values.

• The special case of SIDS needs to be reinforced, including access of scaled-up climate finance. This needs to be new and additional to ODA.
