2024 Questionnaire for the UN System SDG Implementation Database

Advancing sustainable, inclusive, science- and evidence-based solutions for the 2030 Agenda for Sustainable Development and its Sustainable Development Goals for leaving no one behind

The online UN System SDG Implementation Database hosted by the Department of Economic and Social Affairs (DESA) is a repository of actions, initiatives and plans by UN system entities on their implementation of the 2030 Agenda for Sustainable Development and the Sustainable Development Goals (SDGs). Updated annually through a questionnaire, the database currently contains input from more than 50 UN system entities, including about decisions taken by intergovernmental bodies to guide the implementation of the 2030 Agenda, as well as specific actions and initiatives, including their contributions to the UN high-level political forum on sustainable development (HLPF).

The 2024 edition of the questionnaire is designed to inform the 2025 session of the Economic and Social Council (ECOSOC) and 2025 high-level political forum on sustainable development and therefore aligned with its annual theme *"Advancing sustainable, inclusive, science- and evidence-based solutions for the 2030 Agenda for Sustainable Development and its Sustainable Development Goals for leaving no one behind"* (A/78/L.73). The information collected through the questionnaire is expected to inform the preparations of relevant intergovernmental meetings, such as the ECOSOC Partnership Forum (5 February 2025), Coordination Segment (6-7 February 2025), HLPF under the auspices of ECOSOC (14-18 July & 21-23 July 2025), among others.

Please submit your organization's response **by 1 November 2024, as email attachment in Word format to li39@un.org, with copy to evelyn.wonosaputra@un.org.** Should you have any questions, please reach out to Ms. Meng Li, Sustainable Development Officer (li39@un.org) at the UN DESA Division for Sustainable Development Goals.

1. In the past year, **has the governing body of your organization taken any decisions** to advance sustainable, inclusive, science- and evidence-based solutions for the 2030 Agenda for Sustainable Development and ensure that no one is left behind? If yes, please briefly mention these decisions taken by your governing body in 2024 and provide the respective symbols. (max 200 words)

2. During 2024, what actions have your entities taken to improve coordination among UN system entities across policy and normative activities as well as with ECOSOC subsidiary bodies with a view to increase impact and accelerate the implementation of the 2030 Agenda? Please provide any relevant links. (max 200 words)

3. In the past year, has your organization organized any **intergovernmentally mandated conferences, forums or events** that contributed to the achievement of the SDGs, or has been in the process of planning and organizing any such mandated events to be held next year?

    Please copy the below table to fill out for each event:

Event Name	
Event Dates	
Event Location (City, Country)	
Relevant SDGs	
Description (max 150 words): please include a short summary of the event's mandate and contributions to the SDGs, including its main outcome(s)	
Website (if applicable)	

4. In the past year, has your organization published or planned to publish any **analytical work, guidance or reference materials, or toolkits** to guide and support the implementation of SDGs at national, regional and global levels? Please select **up to three** to highlight, especially those that address interlinkages among the SDGs.

    Please copy the below table to fill out for each resource:

Resource Name	
Relevant SDGs (list all relevant goals)	
Publishing entity/entities	
Target audience	
Description (max 150 words)	
Language(s)	
Website (if applicable)	

5. The United Nations has defined six key transitions, or transformative entry points, that can have catalytic and multiplier effects across the SDGs and which have been guiding the UN development system work since the 2023 SDG Summit. In the past year, how has your organization contributed to these transformative actions and how various actors are being rallied behind them to mobilize further leadership and investment to bring progress to scale? Please provide any relevant links. (max 200 words under each transition)

    1) Food systems
    2) Energy access and affordability
    3) Digital connectivity
    4) Education

5) Jobs and social protection
6) Climate change, biodiversity loss and pollution

6. Please provide strategies (policies, guidance, plan) and/or collective actions taken to implement the [2024 Ministerial Declaration of the Economic and Social Council and the high-level political forum on sustainable development](#) convened under the auspices of the Council. Please note any challenges foreseen and provide any relevant links. (max 200 words)

7. What collective efforts is your entity undertaking to support countries in accelerating the achievement of the Sustainable Development Goals, especially in the areas of **Goal 3 (Good health and well-being), Goal 5 (Gender equality), Goal 8 (Decent work and economic growth), Goal 14 (Life below water) and Goal 17 (Partnerships)**, which will go under in-depth review at the HLPF in 2025? Please note any achievements, challenges and gaps and provide any relevant links. (max 200 words)

If your organization has been part of any initiatives or multi-stakeholder partnerships in the past year that support these goals, please copy the below table to fill out for each initiative/partnership.

Initiative/Partnership Name	
Partners (please list all partners)	
Relevant SDGs (list all relevant goals)	
Member States benefiting from it	
Description (max 150 words)	
Website
