Dear Stephanie,

Please find below the recommendations of the Kingdom of Morocco regarding the proposed **Dialogue themes** of the **UN Water Conference 2026**:

1. **The governance of groundwater resources in arid and semi-arid countries**
2. **The implementation of the Water-Energy-Food-Ecosystems Nexus approach for enhanced resource governance**
3. **The importance of water demand management in building resilience to climate change**

I would be grateful if you could kindly confirm receipt of this message.

Please do not hesitate to reach out should you require any further information or clarification.

Best regards

Walid BENAOMAR
