

Organization: Ocean Ride

Name and Title of Presenter: Genilson Junior, Founder of OxeanHUB

Intervention Plenary:

We, the Coalition of Emerging Ocean Leaders, stand united in calling for and driving urgent, intergenerational cooperation. We, Youth and Early Career Ocean Professionals, are highly skilled, uniquely positioned, and actively engaged in working across ocean innovation, science, policy, and civil society mobilization. Together, we are ready to change how decisions are made for our Ocean, shifting to inclusive decision making, elevating our voices, young people, Indigenous Peoples, and local communities. Our representative will present our Manifesto, calling for intergenerational and multilateral collaboration to build equitable, accessible, accountable, and collaborative systems —ensuring a just, sustainable ocean for generations to come. The ocean connects us all. So must our actions. Thank You
