

## About the ECOSOC Partnership Forum

In accordance with resolution 75/290A, the Partnership Forum focuses on exchanging new ideas, expectations and priorities for the work ahead for the annual cycle of the Economic and Social Council (ECOSOC) and the High-Level Political Forum on Sustainable Development (HLPF) under the auspices of the Council, highlighting and discussing forward-looking actions by governments and other stakeholders through innovative partnerships that aim to mobilize commitments and actions to advance the 2030 Agenda for Sustainable Development and address new challenges.

## Preparatory Process

The ECOSOC Partnership Forum is organized in consultation with stakeholders and allows interactive discussions among all stakeholders on the main theme of the Council and the HLPF.

Supported by the Department of Economic and Social Affairs of the United Nations (UN DESA) under the overall guidance of the President of ECOSOC, its preparatory process is designed to be inclusive and participatory.

Forum preparations have been informed by a Global Online Stakeholder Consultation as well as the recommendations from the President's informal Multi-Stakeholder Advisory Group.
