

2026 Questionnaire for the UN System SDG Implementation Database

Scaling up just transitions to achieving sustainable development, poverty eradication and the full implementation of the 2030 Agenda and its Sustainable Development Goals

The online [UN System SDG Implementation Database](#) hosted by the Department of Economic and Social Affairs (DESA) is a repository of actions, initiatives and plans by UN system entities on their implementation of the 2030 Agenda for Sustainable Development and the Sustainable Development Goals (SDGs). Updated annually through a questionnaire, the database currently contains input from more than 50 UN system entities, including decisions taken by intergovernmental bodies to guide the implementation of the 2030 Agenda, as well as specific actions and initiatives, including their contributions to the UN high-level political forum on sustainable development (HLPF).

The 2026 edition of the questionnaire is designed to inform the 2027 session of the Economic and Social Council (ECOSOC) and the 2027 high-level political forum on sustainable development under the auspices of the Council and therefore is aligned with its annual theme *“Scaling up just transitions to achieving sustainable development, poverty eradication and the full implementation of the 2030 Agenda and its SDGs”* with special attention to the SDGs under in-depth review, namely, Goals **4** (Quality Education), **10** (Reduced Inequalities), **12** (Responsible Consumption and Production), **15** (Life on Land) and **17** (Partnerships for the Goals) ([A/RES/78/285](#)). The information collected through the questionnaire will be posted online for public access and is expected to inform the preparations of relevant intergovernmental meetings, such as the Partnership Forum (2 July 2027), HLPF under the auspices of ECOSOC (6-9 and 12-15 July 2027), HLPF under the auspices of GA (the 2027 SDG Summit in September), among others.

Please submit your organization’s response **by 13 November 2026, as email attachment in Word format to li39@un.org**. Should you have any questions, please reach out to Ms. Meng Li, Sustainable Development Officer (li39@un.org) at the UN DESA Division for Sustainable Development Goals.

1. From November 2025 to October 2026, **has the governing body of your organization taken any decisions**, including in the context of the Pact for the Future implementation and/or the UN80 Initiative, that are related to the implementation of the 2030 Agenda for sustainable development and its 17 Sustainable Development Goals? If yes, please briefly mention these decisions and provide their respective symbols and links. (Max 200 words)
2. From November 2025 to October 2026, has your organization organized any **intergovernmentally mandated conferences, forums or events** that contributed to the achievement of the SDGs, or has been in the process of planning and organizing any such mandated events to be held next year?

Please copy the table below to fill out for each event:

Event Name	
Event Dates	
Event Location (City, Country)	
Relevant SDGs	
Description (max 150 words): please include a short summary of the event's mandate and contributions to the SDGs, including its main outcome(s)	
Website (if applicable)	

- The Sustainable Development Goals to be reviewed in-depth during the 2027 high-level political forum on sustainable development include Goal **4** (Quality Education), Goal **10** (Reduced Inequalities), Goal **12** (Responsible Consumption and Production), Goal **15** (Life on Land) and Goal **17** (Partnerships for the Goals). Would your organization be interested in contributing to the Expert Group Meetings (EGMs) to review progress on these Goals in the leadup to the 2027 HLPF? Please indicate the Goal(s) your organization would be interested in. Relevant focal points at UN DESA will follow up to share relevant information.
- Has your organization published or planned to publish any **analytical work, guidance or reference materials, or toolkits** to guide and support the implementation of these SDGs (4, 10, 12, 15 and 17) at national, regional and global levels? Please select **up to three** to highlight, especially those that address interlinkages among the SDGs.

Please copy the table below to fill out for each resource:

Resource Name	
Relevant SDGs (list all relevant goals)	
Publishing entity/entities	
Target audience	
Description (max 150 words)	
Language(s)	
Website or link (if applicable)	

- The 2027 ECOSOC Partnership Forum will take place on 2 July 2027, back-to-back with the 2027 HLPF under the auspices of the Council (6-15 July 2027). The forum will “be structured as a results-oriented Sustainable Development Goal matchmaking and implementation support platform to align needs, capacities and resources and to facilitate the formation of partnerships, identify gaps and support implementation of the 2030 Agenda” (A/80/L.97) **In this regard, please copy the table below to share**

detailed information about 1) any partnership that your organization has been actively involved in and has been scaled up significantly in the past 3 years with concrete outcomes that could be promoted during the ECOSOC Partnership Forum, especially those advance the SDGs under in-depth review in 2027 (SDGs 4, 10, 12, 15 and 17); 2) any initiatives or multi-stakeholder partnership leads that your organization is engaging in that would be mature enough for scaling up at the Partnership Forum in 2027.

Initiative/Partnership Name	
Partners (please list all partners)	
Relevant SDG(s) under review in 2027 (SDGs 4, 10, 12, 15, 17)	
Other Relevant SDGs	
Member States benefiting from it	
Description (max 150 words)	
Website	

6. The 2027 SDG Summit – the high-level political forum on sustainable development under the auspices of the General Assembly – will provide an opportunity to consider how to advance sustainable development by 2030 and beyond, as a priority and at the center of the UN’s work. In this regard, is your organization planning any relevant event or planning to launch any major report, policy resource, dataset, evaluation, index, consultation outcome or other analytical product that could inform relevant discussions on sustainable development by 2030 and beyond, including in connection with the ECOSOC cycle? (Max 200 words)
