

Proposal for themes of the interactive dialogues for the Summit:

As per Decision 69/555 on the modalities for the process of intergovernmental negotiations on the post-2015 development agenda, the overarching theme for the dialogues will be “Transforming the world: realizing the post-2015 development agenda”.

It is envisaged that each interactive dialogue would address the three dimensions of sustainable development. There will also be scope to address in each dialogue issues such as gender equality and the empowerment of women and girls, prioritising the needs of all vulnerable groups including children, older persons, persons with disabilities, indigenous peoples and migrants and ensuring implementation at all levels.
