SUN is a unique Movement founded on the principle that all people have a right to food & good nutrition.

**The vision of the SUN Movement is
a world free from malnutrition**

**SUN unites people—from governments,
civil society, the United Nations, donors,
businesses and researchers—in a
collective effort to improve nutrition**

SUN Civil Society Alliances

- Unite community groups, national and international civil society organisations
- Coordinate civil society advocacy and action on nutrition at international, national and sub-national levels
- Channel expertise, evidence & reality of those suffering from malnutrition into government policies & plans
- Hold governments to account for nutrition commitments

Learning from Zambia: Increasing political will

- ✓ Used public awareness & media campaigns to ignite national debate on nutrition
- ✓ MPs formed All Party Parliamentary Caucus on food and nutrition
- ✓ ‘Vote Nutrition’ campaign for 2015 elections involving top musicians
- ✓ Nutrition included in manifestos, political commitments

Learning from Laos: Improving coordination

- ✓ Civil society not well coordinated before formation of SUN CSA
- ✓ National Nutrition Forum for all sectors, all levels of government, civil society
- ✓ Local civil society now has strong partnership with Government and a platform for participation
