***HLPF Review of SDG 15: Protect,
restore terrestrial ecosystems...halt
biodiversity loss***

René Castro-Salazar

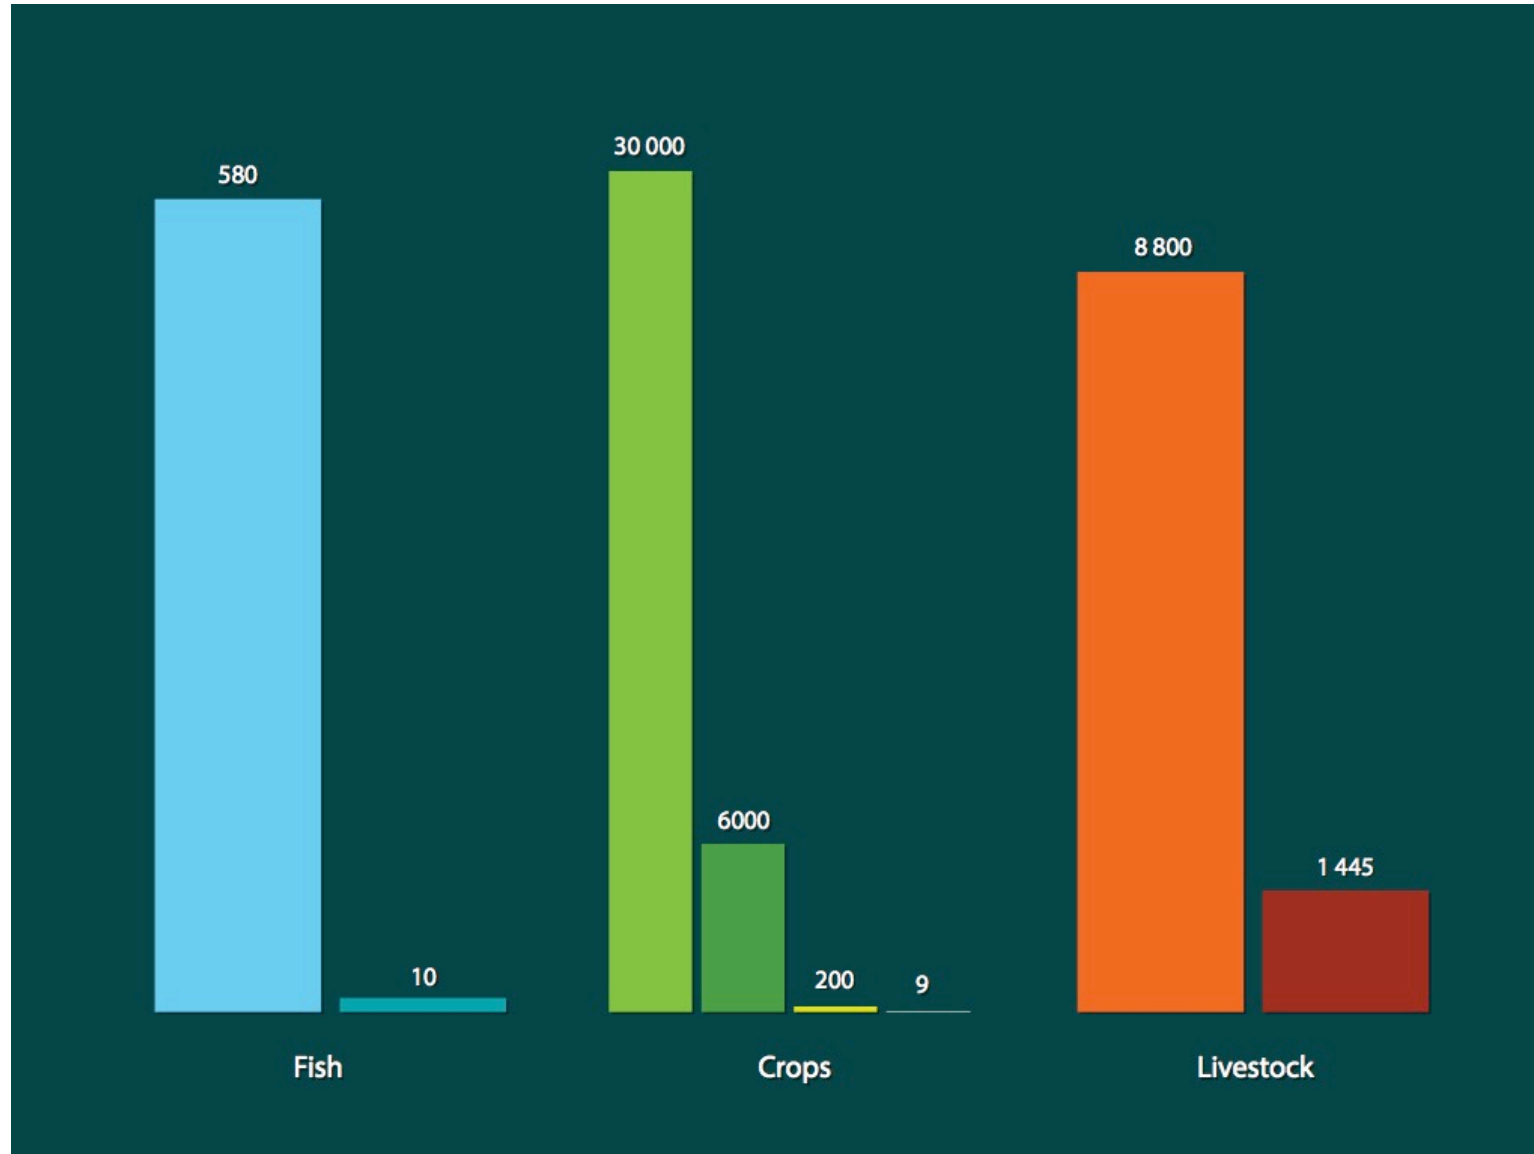

FAO Assistant Director-General Climate,
Biodiversity, Land and Water Department (CB)

NY, July 13 , COFI 2018

► Climate Change is exacerbating water scarcity and biodiversity is decreasing

Biodiversity Risk: We rely only in few species for food

Ref: FAO Biodiversity Day Exhibit, June 2018.

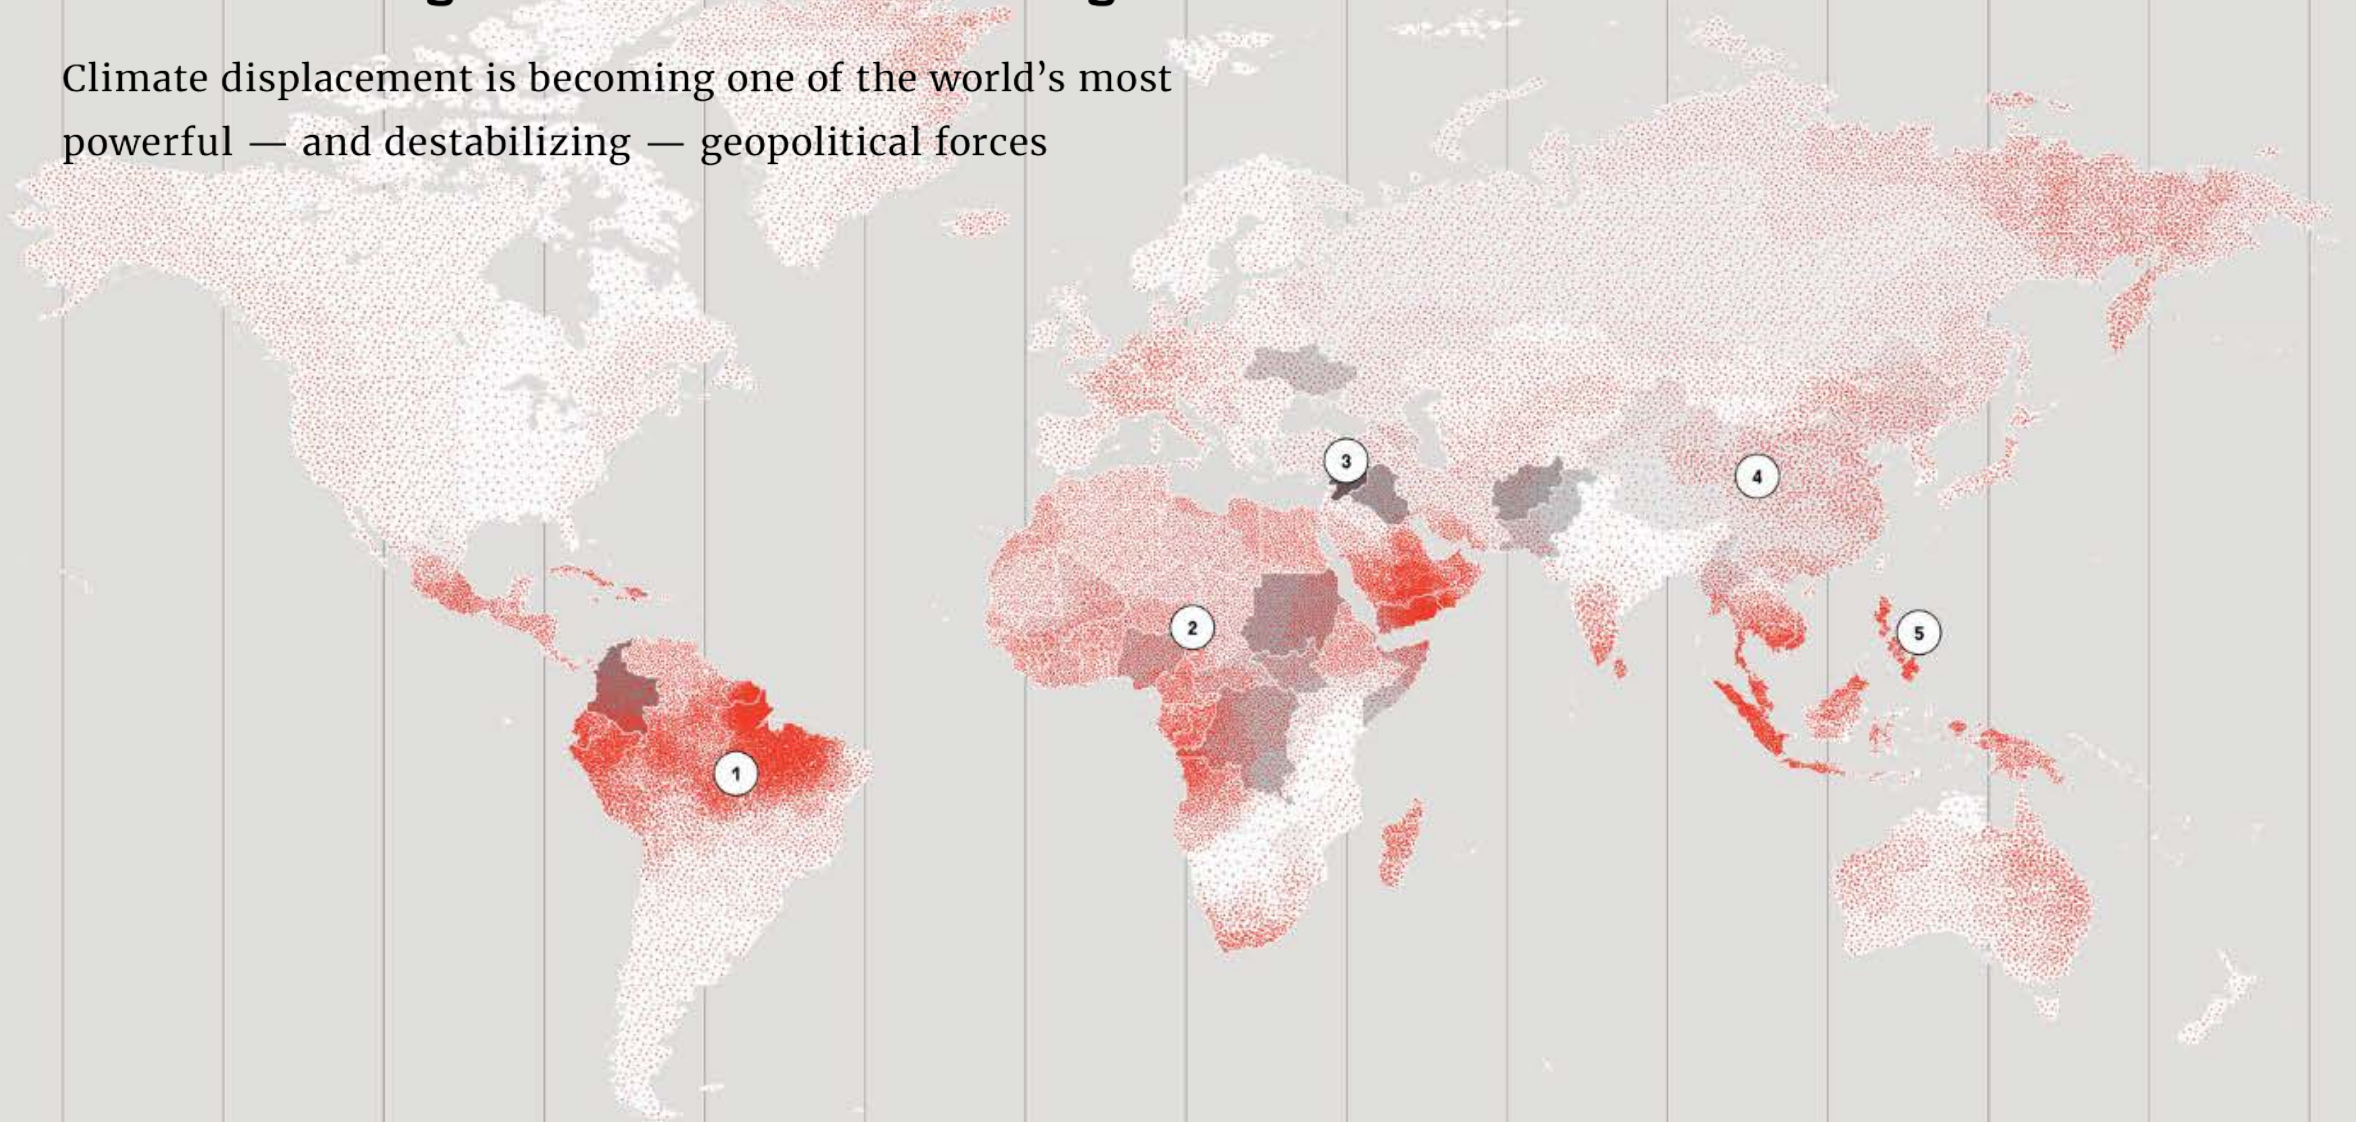

Water intensity: Liters per product

How a Warming Planet Drives Human Migration

Climate displacement is becoming one of the world's most powerful — and destabilizing — geopolitical forces

New York Times - April 19, 2017
