Waste Management

Wednesday May 5, 2010

Thank you Mr. Chairman, Rapporteur, panelist, members of states, departments, civil society and concerned International Citizens of Mother Earth.

On behalf of NGO's , I Sandra Nelson Zongo, President of the Ethiopian World Federation in ECOSOC Consultative Status, present before you today one of our best practices which assist in establishing economic, social and ecological sustainable Green Cities for displaced refugees which includes women, children, men, families and elders of Indigenous Lands whom are victims of:

War
Dams
Violence
Homelessness
Disease
Human Trafficking
pestilence

Economic, social and ecological sustainable Green Cities include:

OBGYN Holistic Health Center, Family Clinic, with a Holistic Dental Wing
Community Green Farming that promotes international trading
Fully inclusive city recycling centers
Green Water treatment Unit
Unity Floral Gardens
Sustainable Economic Entrepreneur centers
Indigenous Awareness and Preservation Cultural Halls and museums
Sustainable Adobe Housing equipped with water cistern, solar panels and green facilities
Sustainable Learning University

Activation of responsible solutions are key in implementing a sustainable climate for all human life.

It is our hope that consideration in partnering with civil society to assist in reaching Sustainable goals be addressed further during this session and as we move forward in our journey to activating green, sustainable solutions.

Let us be reminded that we are speaking on behalf of Humans whose sustainability has been threatened and is in immediate need of full transformation.

Thank you for hearing one voice that resounds the needs of many Peoples.
